FISCAL NOTE ANALYSIS

STAT	TE OF ALASKA	
2013	LEGISLATIVE	SESSION

BILL NO.	HCR3
----------	------

Analysis

The intent of this legislation is to create a joint committee, consisting of eight Legislators, appointed jointly by the Speaker of the House and the President of the Senate. The committee plans to meet during regular sessions and at existing LIO's and public facilities or telephonically, which would deter or lessen the cost to the committee. The committee intends to utilize existing staff to the Alaska State Legislature and State departmental experts from various State agencies to discuss and report on findings. The legislation allows for consultants or experts to be hired, which would be a cost to the committee. The legislation also requires that a report be prepared by the committee and presented to the Legislature and the Governor by January 15, 2014 and January 15, 2015. Since the committee plans to utilize existing resources, but the legislation could allow for a cost, the fiscal impact on the Legislative Affairs Agency is indeterminate.
