MORE STUDENT COMMENTS ABOUT LIVE HOMEWORK HELP

"This has especially helped me to be more confident about my work. The fact that I now know how to do it helps me when the teacher calls my name in school. I now know the answer, and I'm getting good grades on my homework. Thanks! I am so glad this program is free because my mom would never have bought this because of how little money we have. Thank you!" 9th Grade

"I love it!!! I was really behind in math and now I get help so I can catch up. My grade went from an F to an A!" 7th Grade

"This is a really great site because I live in a small village with hardly any homework help at night, only teachers in the day. I always do homework in the afternoon and night so this is perfect. Thanks!" 10th Grade

"This is the greatest program. The whiteboard is very helpful in understanding the concepts. The questions from the tutor helped me work through the problem instead of just getting an easy answer. I am sending this link to all my friends." 8th Grade

"The tutor made me feel smart and welcome here. I will definitely recommend this to my friends." 6th Grade

"At first I wasn't sure about the whole thing but my tutor really tried to help me and he knew what he was talking about...I ended up understanding my homework and that white board thing was great! This was a really great tool! I'm so glad I found this site...because I was about to give up and it's free! Thank you! 9th Grade

"This was such a complicated problem and it took about 45 minutes, but I got the answer right and I understand it completely". 9th Grade

"I think this is a great program and should not be put down 'til I'm at least done with all my school." 8th Grade

"Thank you! We are so thankful that this service is available. This helps me when my parents can't remember how to do it. Your hours are great too!" 7th Grade

Ok who came up with this?! They are a genius! SOOOOOOOOOOOOOOOOOOOOOOOOOOOOO helpful! Plus they don't just GIVE you the answers you have to LEARN and walk the tutors through it!! I tell ALL my friends about this and all of our grades have gone up a whole letter grade at least! 6th Grade

This definitely helped me and a bunch of friends tonight with a section that we didn't understand. I have never used this site before today, but it probably just saved my grade, along with 3 other people's grades for our test tomorrow. 11th Grade
