## Positions Full-time Part-time Temporary Change in Revenues

#### Estimated SUPPLEMENTAL (FY2013) cost: 0.0

Estimated CAPITAL (FY2014) cost: 50,000.0

#### ASSOCIATED REGULATIONS

Does the bill direct, or will the bill result in, regulation changes adopted by your agency? If yes, by what date are the regulations to be adopted, amended or repealed?

Yes 12/01/13

#### Why this fiscal note differs from previous version:

This fiscal note separates the fund capitalization and capital appropriation needed as part of the proposed AIDEA LNG financing package from the operating impacts on AIDEA. The Governors FY14 budget requests a transfer of \$125 million from the Alaska Housing Capital Corporation fund to capitalize the Sustainable Energy Transmission and Supply Development Fund. The Governor's FY14 capital budget also includes a \$50 million request as part of the financing package.

### FISCAL NOTE ANALYSIS

#### STATE OF ALASKA 2013 LEGISLATIVE SESSION

#### BILL NO. HB 74

#### Analysis

#### **INTERIOR ENERGY PLAN**

This bill provides AIDEA financing in support of the Energy Plan. Specifically, HB 74 authorizes AIDEA to provide up to \$275 million in financing for a natural gas liquefaction plant and affiliated infrastructure on the North Slope, as well as providing for the financing of liquid natural gas (LNG) distribution systems under the sustainable energy transmission and supply fund (SETS) established under AIDEA.

This financing authorized under this bill includes: 1) authorization for AIDEA to provide financing through the issuance of up to \$150 million in bonds for the project, with the bonds to be secured by a capital reserve fund and 2) authorization for AIDEA to provide direct financing of \$125 million out of the money provided through the amended operating budget for the SETS fund. To help ensure lower energy rates for Alaskans are achieved, the bill limits the interest rates that AIDEA can charge for direct SETS financing at 3%.

The entire \$355 million financing plan for the Interior Energy plan includes:

\$50 million appropriation to AIDEA (provided in the capital budget), \$125 million from SETS direct financing (provided in the amended operating budget), \$150 million in bond proceeds from bond authorization provided in this legislation, and \$30 million in natural gas storage credits (provided in previously passed legislation.)

Attached is a spreadsheet that provides a comprehensive summary of the fiscal impact of HB 74.
