#### FISCAL NOTE ANALYSIS

### STATE OF ALASKA 2013 LEGISLATIVE SESSION

#### BILL NO. SB062

#### Analysis

The legislation would amend AS 14.11.025 by allowing small municipal school districts to participate in the state aid for school construction in rural education attendance areas (REAA). A small municipal school district would be defined as a district with 300 or fewer ADM and not more than \$500,000 in full value per ADM.

The municipal K-12 school districts that would qualify under this criteria are Hydaburg, Kake, Klawock, Saint Mary's, and Tanana.

Recalculating the formula with these five schools moved from the city or borough school districts to the REAA and small municipal school districts is \$100,907,833 / 68.74% x 24.4% = \$35,818,300, an increase of \$618,300.

This legislation amends AS 14.11.030(a) by changing the title of the fund to the REAA and small municipal school district school fund versus just the REAA school fund.

Also, this legislation adds a new subsection, AS 14.11.030(d), which gives "small municipal school districts" the same definition as set out in AS 14.11.025.
