HOUSE JOINT RESOLUTION 12: SUPPORT IN-STATE FIREARMS MANUFACTURING

House Joint Resolution 12 is based on a resolution recently introduced in the Montana State House. HJR 12 encourages and invites gun and gun accessory manufacturers to bring their business to Alaska. With a number of states considering the enactment of legislation restricting or prohibiting the possession or manufacturing of certain firearms and accessories, it is imperative the Administration and the Legislature make it known that we would welcome them to our state. Our excellent constitutional and statutory protections for firearm use, possession and manufacturing makes Alaska an ideal place for firearm and accessory manufacturers to relocate their business to our state.

The list of the various manufacturers was produced by the National Shooting Sports Association and represents major weapon and accessory manufacturers.
