Hello to All,

I am lodge owner and fishing guide on the Kenai River. On Monday, April 8th you will be voting on the appointment of Vince Webster to the Alaska Board of Fisheries. I am asking you to carefully consider your vote if you are in favor of conserving the declining king salmon fishery. In the March BOF meeting Mr. Webster led the charge in lowering the escapement goal of the second run of Kenai kings. How can we possibly harvest our way back to abundance? Is this really good for the long term king fishery?

I would like to see an appointment of an individual who errors on the side of conservation, and not short term economic gain. Please do not appoint Vince Webster back to the Board of Fish.

Sincerely,  
Keith Holtan  
Kenai, AK
