Rep. Olsen,

"I support House Bill 81 as a way to protect consumers when they purchase a home. Alaskans should be free to build their own homes. This bill protects that right, however, the amendment offered by Rep. Tilton clarifying "That a person working on that person's own existing property" helps to insure that someone who builds solely for the purpose of selling homes follows the current law to get fully licensed, insured and bonded."

Thank you.
