House Bill 39

Sectional

Section 1

This section includes legislative findings and intent language which states that we can prevent disease by lowering the incidence of disease, and that preventing disease will slow the rate of health care cost to the State.

Section 2

This section requires the Department of Administration, to the extent legally and reasonably practicable, to implement the recommendations of the Advisory Committee on Wellness and reduce the escalation of health care costs. This section of statute applies to state life and health insurance plans.

Section 3

This section requires the Department of Administration, to the extent legally and reasonably practicable, to implement the recommendations of the Advisory Committee on Wellness and reduce the escalation of health care costs. This section of statute applies to self-insurance and excess loss insurance.

Section 4

This section establishes the Advisory Committee on Wellness in the Department of Administration, outlines the appointment and roles of committee members, and requires the commissioner of administration to respond to the committee within six months. The committee and the commissioner are required to provide copies of their recommendations and reports to the legislature and the governor on or before the second Monday in December of each year.
