### FISCAL NOTE ANALYSIS

### STATE OF ALASKA 2015 LEGISLATIVE SESSION

## **Analysis**

SB41 expands the licensing requirements for psychologists and psychological associates to include national criminal history record checks.
SB41 was requested by the Board of Psychologist and Psychological Examiners to increase licensure requirements for the protection of the public. Applicants for initial licensure, and potentially applicants for renewal, must submit fingerprints for a national criminal history record check to be performed by the Department of Public Safety. This process will add a nominal cost to the licensure application. Fingerprinting fees are estimated at sixty dollars per licensee, based on the current fee charged by the Board of Nursing.
Services include the cost of fingerprinting applicants, which is anticipated to occur biennially, concurrent with license renewals. In addition, thirty-six new applicants are projected annually. Costs in non-renewal years are anticipated to be less than in renewal years. In the first year, \$2.5 is estimated for regulations.
Professional licensing programs within the Division of Corporations, Business and Professional Licensing are funded by Receipt Supported Services, fund source 1156 Rcpt Svcs (DGF). Licensing fees for each occupation are set per AS 08.01.065 so the total amount of revenue collected approximately equals the occupation's actual regulatory costs.
