Agency: <u>Division of Administrative Services, DCCED</u>	

FISCAL NOTE ANALYSIS

STATE OF ALASKA
2016 LEGISLATIVE SESSION

BILL NO. SB 98

Analysis

SB 98 expands the practice of telemedicine from prescribing, dispensing, or administering a prescription drug without conducting a physical examination (as authorized under HB 281 during the 2014 Legislative session) to also include diagnosing and treating patients without conducting a physical examination, allowing these practices by a physician who is not located in the state of Alaska, changing the patient consent requirements, and allowing prescription of controlled substances under certain circumstances.

The significant expansion of the practice of telemedicine authorized under this bill will require substantial administrative and investigative resources to pursue complaints pertaining to a rapidly expanding body of licensees who are practicing “in Alaska” but operating in locations across the nation.

The division has seen a 400% increase in license applications since telemedicine was expanded through legislation effective November 2014. This bill would exponentially increase the number of applicants, the geographic reach of applicant licensure, and the volume of supporting documentation required to examine fitness to practice. It will also multiply the potential for pre-application investigations. These changes will result in more costly investigative and legal support to respond to complaints, to discipline licensees for violations occurring across the nation, and to comply with increased licensee appeals of board actions.

This fiscal note provides for one Occupational Licensing Examiner, range 14, to examine license applications and issue licenses. In addition, this fiscal note includes two Investigator III's, range 18, to investigate violations and enforce Alaska laws on this new population of licensees.

If the bill passes the following expenses will be incurred:

Personal Services: \$261.4 (one full time permanent Occupational Licensing Examiner (OLE), range 14, and two full time permanent Investigator III, range 18)

Services: \$2.5 (legal costs to amend regulations, printing, and postage)

\$82.3 (legal cost of investigations and appeals beginning in year two)

\$30.0 (department-wide services support for three new positions)

Commodities: \$15.0 in first year (computer, office panels, office furniture and other one-time needs for three new positions)

Professional licensing programs within the Division of Corporations, Business and Professional Licensing are funded by Receipt Supported Services, fund source 1156 Rcpt Svcs (DGF). Licensing fees for each occupation are set per AS 08.01.065 so the total amount of revenue collected approximately equals the occupation’s actual regulatory costs.
