Governor Bill Walker  
STATE OF ALASKA

January 18, 2016

The Honorable Kevin Meyer  
President of the Senate  
Alaska State Legislature  
State Capitol, Room 111  
Juneau, AK 99801-1182

Dear President Meyer:

Under the authority of Article III, Section 18, of the Alaska Constitution, I am transmitting a bill relating to the recovery of overpayments of day care assistance and child care grants. The bill would add day care assistance and child care grants to the list of public assistance programs whose established overpayments can be recovered by garnishing an individual's permanent fund dividend.

Under existing AS 47.05.080, many of the programs that provide assistance benefits to individuals are provided with the ability to recover benefit overpayments by garnishing the benefit recipient's permanent fund dividend. That section allows established overpayment claims to be filed directly with the Department of Revenue and does not make them subject to the exemptions under AS 43.23.065(a) (permanent fund dividends) or AS 09.38 (Alaska Exemptions Act). Before the Department of Health and Social Services seeks to garnish the permanent fund dividend of a benefit recipient, the overpayment claim must be established either through a hearing or after an individual has had a chance for a hearing, but did not contest the overpayment claim. A separate provision in AS 43.23.068 establishes a procedure for garnishing a permanent fund dividend to recover a benefit overpayment that includes notice to the benefit recipient and an opportunity to request a hearing on whether a mistake was made.

The ability to garnish a benefit recipient's permanent fund dividend to recover overpayments under AS 47.05.080 exists for most public assistance programs including medical assistance, general relief, adult public assistance, food stamps, and Alaska temporary assistance. The bill would add the day care assistance and child care grants programs to the other public assistance programs that already have the ability to use the direct garnishment of a permanent fund dividend to recover benefit overpayments. This would make recovery of these already-established liabilities to the State much easier to recover from recipients who do not enter into voluntary repayment plans. This change also would align the day care assistance and child care grant programs with other public assistance programs.

I urge your prompt and favorable action on this measure.

Sincerely,

A handwritten signature in black ink that reads "Bill Walker".

Bill Walker  
Governor

SENATE BILL NO. 145
