Office of Governor Sean Parnell
Attention: Elizabeth Giardina, Director of Boards and Commissions
550 West 7th Avenue, Suite 1700
Anchorage, Alaska 99501
boards@alaska.gov or Elizabeth.giardina@alaska.gov

Dear Ms. Giardina,

My name is Paula Ross and I am submitting my resume and application for the dental hygiene member position on the Alaska State Board of Dentistry. I believe my years of collaboration with dentists and dental hygienists on issues affecting the profession of Dentistry and Alaska have made me a worthy candidate for this position. I will bring to the Board thirty-two years of dental hygiene experience and an interest in helping the citizens of Alaska.

After graduating from Idaho State University in 1982 with a baccalaureate degree in dental hygiene, I relocated to Alaska to pursue my career as a dental hygienist. I have worked in various private practice settings and know the importance of teamwork and providing quality care. I understand the mission of the Board of Dentistry and the responsibilities that go with being a board member.

I continue to be an active member in the American Dental Hygiene Association, the Alaska Dental Hygiene Association and WREB, A National Dental and Dental Hygiene Testing Agency. As a Local Anesthesia examiner, I have come to understand the necessity of an independent third party assessment for licensure and the importance of being actively involved in the examination process.

If appointed, I would work diligently with the members of the Board to improve the quality of dental and dental hygiene care in Alaska. My committed interest in pursuing a position on the Alaska State Board of Dentistry is evident by my involvement in the profession of Dentistry at a state and national level. I look forward to working with like-minded individuals to problem solve issues that affect the health and safety of the public.

It would be my pleasure to be able to interview for the dental hygiene member position. My cell number is (907) 952-3026 or I can be reached by email at ross@alaskan.com.

Thank you for your time and consideration. I look forward to hearing from you.

Respectfully,
Paula Ross, RDH, BA

December 10, 2014

Re: Support for Paula Ross for the Board of Dental Examiners

Dear Governor Walker,

The Alaska State Dental Hygienists' Association (ASDHA) would like to recommend Paula Ross, RDH, BA, for a position on the Alaska State Board of Dental Examiners. Paula has been practicing clinical hygiene in Alaska since 1984. She began her dental career as an assistant in 1976, pursuing expanded functions and ultimately graduating from Idaho State University with a Bachelors of Arts in Dental Hygiene in 1982.

Paula clearly sees value in her professional association and has been an active and supportive member of the Alaska State Hygienists' Association. She served on the continuing education committee from 2010-2013. Paula currently serves on the Western Regional Examining Board as a local anesthetic examiner, since 2002, and committee member, since 2011. This committee develops and reviews the content of the WREB LA exam yearly.

The Alaska State Dental Hygienists' Association believes that Paula Ross is a dedicated and involved dental hygienist who will approach issues affecting the dental profession with an open and thoughtful mind, committing the time necessary to fully research issues, weigh the facts and opinions on all sides and be objective in her decisions. We believe that Paula's experience and professional commitment will make her an asset to the Board of Dental Examiners.

Thank you for this consideration,

Sandy Pelto RDH, BSDH
ASDHA President

Dear Governor Walker,

December 20, 2014

I am writing a recommendation for the appointment of Paula Ross to the Alaska State Board of Dentistry. I have known Paula Ross for 33 years in both a professional and personal capacity. Paula is a team player, a good listener and can communicate with a wide variety of people. She is an exceptional dental hygiene practitioner and has been my hygienist since college.

Paula has been a licensed and practicing hygienist in Alaska since 1984. She understands the Last Frontier and the challenges for dental care in all of Alaska. Paula has been an examiner on the Western Regional Examining Board (WREB) for dental hygiene since 2002 and on the local anesthesia committee for the past three years.

It is my understanding the Alaska State Board of Dentistry has two primary responsibilities.

The board adopts regulations to carry out laws governing the practice of dentistry and dental hygiene in Alaska. As a WREB examiner Paula has been given a broader view of the dental challenges and successes in the lower 48 western states. I believe this experience would be valuable in the development and ultimate passage of regulations governing the practice of dentistry and dental hygiene in Alaska.

The board makes final licensing decisions and takes disciplinary actions against people who violate licensing laws. Paula has been in private practice for all of her dental hygiene career. She understands quality patient care and the challenges surrounding a successful dental practice. Paula would be able to look at dental complaints with a critical eye and not rush to judgment.

I practiced hygiene in Alaska for 23 years and have held my Alaska license since 1983. I believe Paula Ross would be an exceptional public servant for the State of Alaska and would do a great job as a hygienist on the State Board of Dentistry.

Sincerely,

Jacqueline M. Leibach, RDH
