FISCAL NOTE ANALYSIS

**STATE OF ALASKA
2016 LEGISLATIVE SESSION**

BILL NO. SB142

Analysis

SB 142 amends AS 21.42 to prohibit health care insurers that provide coverage for anti-cancer medications from requiring a higher copayment, deductible, or coinsurance amount for patient-administered medication than for medications administered by a health care provider. The bill also prohibits affected insurers from offsetting the costs of compliance with the revised statute by increasing copayments, deductibles or coinsurance amounts for the anti-cancer medications, or by reclassifying benefits for anti-cancer medications.

The Division of Insurance does not anticipate fiscal impact from this legislation.
