March 8, 2016

Senate Finance Committee

Written testimony on SB139

To the Co-Chairs Senator Kelly and MacKinnon and the Senate Finance Committee Members,

I am writing this letter in support of the OWL (Online With Libraries) program. The OWL Program offers bandwidth support for our local library as well as videoconferencing services, equipment and training for library staff. In a rural community this is a great asset and help to the patrons as well as my staff. Many individuals have been able to participate in various classes and workshops through video conferencing and are able to use the internet to search and apply for jobs, file taxes, etc. This program has enriched our community and for many is the only way they can connect electronically.

I appreciate any support you can give to the OWL Program during this difficult financial time.

Thank you for this opportunity to testify,

Margaret Villarma, Director

Wrangell Irene Ingle Public Library

907-874-3535

I am Jeff Jabusch, the borough Manager for the City and Borough of Wrangell. As the finance director in Wrangell since 1977 and only recently the manager, I have seen the pre-oil years and then the various ups and downs since then.

We support the governor's budget which includes some funding of revenue sharing which makes up about 10% of our general fund budget. This like many of the cuts that you are considering will come at a cost of reduced essential services to especially smaller communities that don't seem to have the revenue generating options and tax base of larger communities. There may be other ways to assist local governments if these cuts are necessary.

1. A good look at the property tax exemption law would be an option. According to the State Assessor's Office, Wrangell has the highest percent of senior exemptions in Alaska. It is hard to find seniors in need to receive this exemption, but in many cases the exemption is for the wealthier in a community. Maybe you make this optional at the community level. I know this option will not be a popular one, but if it could be done on a need basis it may be more tolerable.

I would like to say that Wrangell if given a choice would prefer a state income tax versus a state sales tax. For those cities and boroughs that already have a 5, 6 or 7% sales tax as in Wrangell, Adding a sales tax to that or not allowing us to have 7% would limit our options to raise local revenue for the purpose of offsetting reduced state funding.

In our small community, public broadcasting is essential for the statewide emergency alert system and other important services. We do not have the luxury of other radio stations or local TV stations. If 100% of state funding is cut, our station would not be eligible for federal funds and the station would be shut down. We hope you can give this some consideration.

Finally, my testimony is no different than the thousands of others that will testify to keep various aspects of the current state budget, but after you have listened and decide how to best prioritize the money available, I do support a balanced state budget. Thank you and good luck.

SUSAN G. STEVENS, M.A., B.A.

KSTK- We can't afford to lose it.

Warning of impending disaster, such as Queen Charlotte E-Arth QUAKE allowing us to get to higher ground. The radio station draws the community together in areas of culture (Tlingit Phrase of the week heard 4 times a week) and music is an important component that allows us to know others and brings us closer together as people and allows opportunity for new friends and ss (KSTK Fundraiser - Donate and they will play the song).

Senior Citizen Tax Exemption - I haven't been able to pay taxes for years, as I am on Social Security. Senior citizens have a lot to contribute. We have paid our dues: I have worked all my life since I was 7. ~~I am~~ I am 66 now. I have contributed volunteer work since I was 32 years old and continue to now.

Susan G. Stevens pg 2

As for the ALASKA State Ferry :
Senator Murkowski recently got
\$ 580 million for state transportation.
I heard on the radio last week that
Angoon hasn't had a ferry for two
~~weeks~~⁵⁵ months! They are suffering
because they barely have food left
at the stores and ^{some} subsistence foods
important to their health have high
rates of mercury.

Why do we have to endure cuts
to the ferry system? The poorest
people are hurt by this action.

My name is Christine Jenkins an Alaska native Elder from Wrangell Alaska. I'm here to support that the state keep the Senior Citizen House tax exemption and any cuts that the seniors depend on. It would make a hardship for them to live on. Thank you for considering this opposition.

Legislative Testimony
3-8-2016

Patrick Mayer, Superintendent of The Wrangell public school district

I would like to say thanks to the all of you legislators who were able to meet with students, board members and Superintendents during our recent visits to Juneau, they are our future leaders.

I don't envy you the tasks you have ahead of you as you deal with the state budget.

Thank you very much for restoring the broadband assistance grants that are essential as we look at innovative ways to deliver instruction to students.

I have two requests regarding the state education budget.

- 1) Please keep education in the forefront of budget discussions and hold the BSA steady. Our costs in districts continue to escalate and our monies in the Wrangell public school district and others across the state are put to good use for our students.
- 2) My second request is with regard to the Alaska Department of education and early development budget. There are currently significant cuts proposed to the DEED budget for next year.

As districts, we do rely on the support we receive from DEED. I truly believe that the Department of Educations budget has been reduced to a level where if cut any further they would not be able adequately address compliance issues that support our ongoing receipt of federal dollars for such programs as Title I and Migrant Ed. The dollars associated with these categorical programs make up a significant part of our district budgets.

The current budget for DEED in front of senate finance contains cuts in travel, phone and mail but in reality if these cuts are imposed they will actually translate into reduction of personnel. Therefore, when we reduce personnel that will have a direct impact on the ability of the department to assist districts.

Finally, I would like to encourage you to please take the appropriate steps to craft a sustainable overall budget that includes enhanced revenue measures

Thank You very much for your efforts and your time.
