Education, Training, Experience & Qualifications

List both formal and informal education and training experiences:

Education:

1974-75, 1981, University of Alaska Fairbanks and Anchorage Community College – working toward a BA in Business.

1978-79 University of New Mexico, American Indian Law Center, received a Paralegal/Grantsmanship Certificate (with an emphasis in Federal Indian Law), 80 CEU's.

I attended many many training sessions while employed at Kawerak, most dealing with personnel, wage and hour, conflict resolution, board training, ethics, group facilitation techniques, etc. I also helped set in place internal personnel systems including a comprehensive salary comp system (tied to employee performance evaluations), personnel policies and strong internal processes as they relate to personnel. An aside, we also set in place short and long range planning processes, strong accounting systems and policies, and greatly expanded funding, services and staffing. We also created a Kawerak and tribally owned for-profit road construction subsidiary.

During my time as Kawerak President, I served as the corporation's hiring and firing authority. Basically it was part of my job to insure we hired good people...and if we had problems with staff, the disciplinary process was set up to provide staff with notice of the problem, and to provide them with the time and opportunity to improve. If it was necessary to terminate an individuals employment, I insured that internal policies and state and federal laws were complied with prior to termination and the corporation was protected from lawsuits.
