Good Morning Esteemed Senate Finance Committee~

I know your job is a tough one and there is not enough money to go around. But I desperately plead that you do not cancel the ferry service into Skagway for this summer at the very least. The schedule has been publish and reservations have been made. A commitment was made by the state for this service. Skagway summer hires and independent traveler must have that mode of transportation to arrive at our doorstep. In a word, it would be devastating. Thank you for your consideration.
