

Alaska State Legislature

Please enter into the record my testimony to the ___House Health and Social Services Committee on HB328_033016

Please accept the following as written testimony.

I want to relay my support for SB1 & HB328, I have lived in Kenai since 1987 and it's time for this community to grow up and quit allowing smoking in any public places or any place where a person is hired to be there. Though from reading the synopsis on them, I am not seeing much difference. What is the deal with these two separate bills? Why is there not one bill that addresses everything at once?
