**Notes:**

Net savings from PERS and TRS rate increases assume that appropriations to state agencies cover the impact of increased rates.

A portion of the impact of PERS and TRS on state subdivisions is non-UGF fund sources.

Property Tax Exemption figures assume that municipalities maintain current levels of school support, but they could choose to increase school funding.

Note: Formula increases and TRS rate increases are not allocated to school districts identically.

Note: Adjustments for payroll growth, deposits, additional DC deposits and other factors will require an actuarial analysis.

Note: An increase in Basic Need will increase allowable local contributions.
