

HB 365

Individual Income Tax

&

Permanent Fund

Refundable Tax Payment

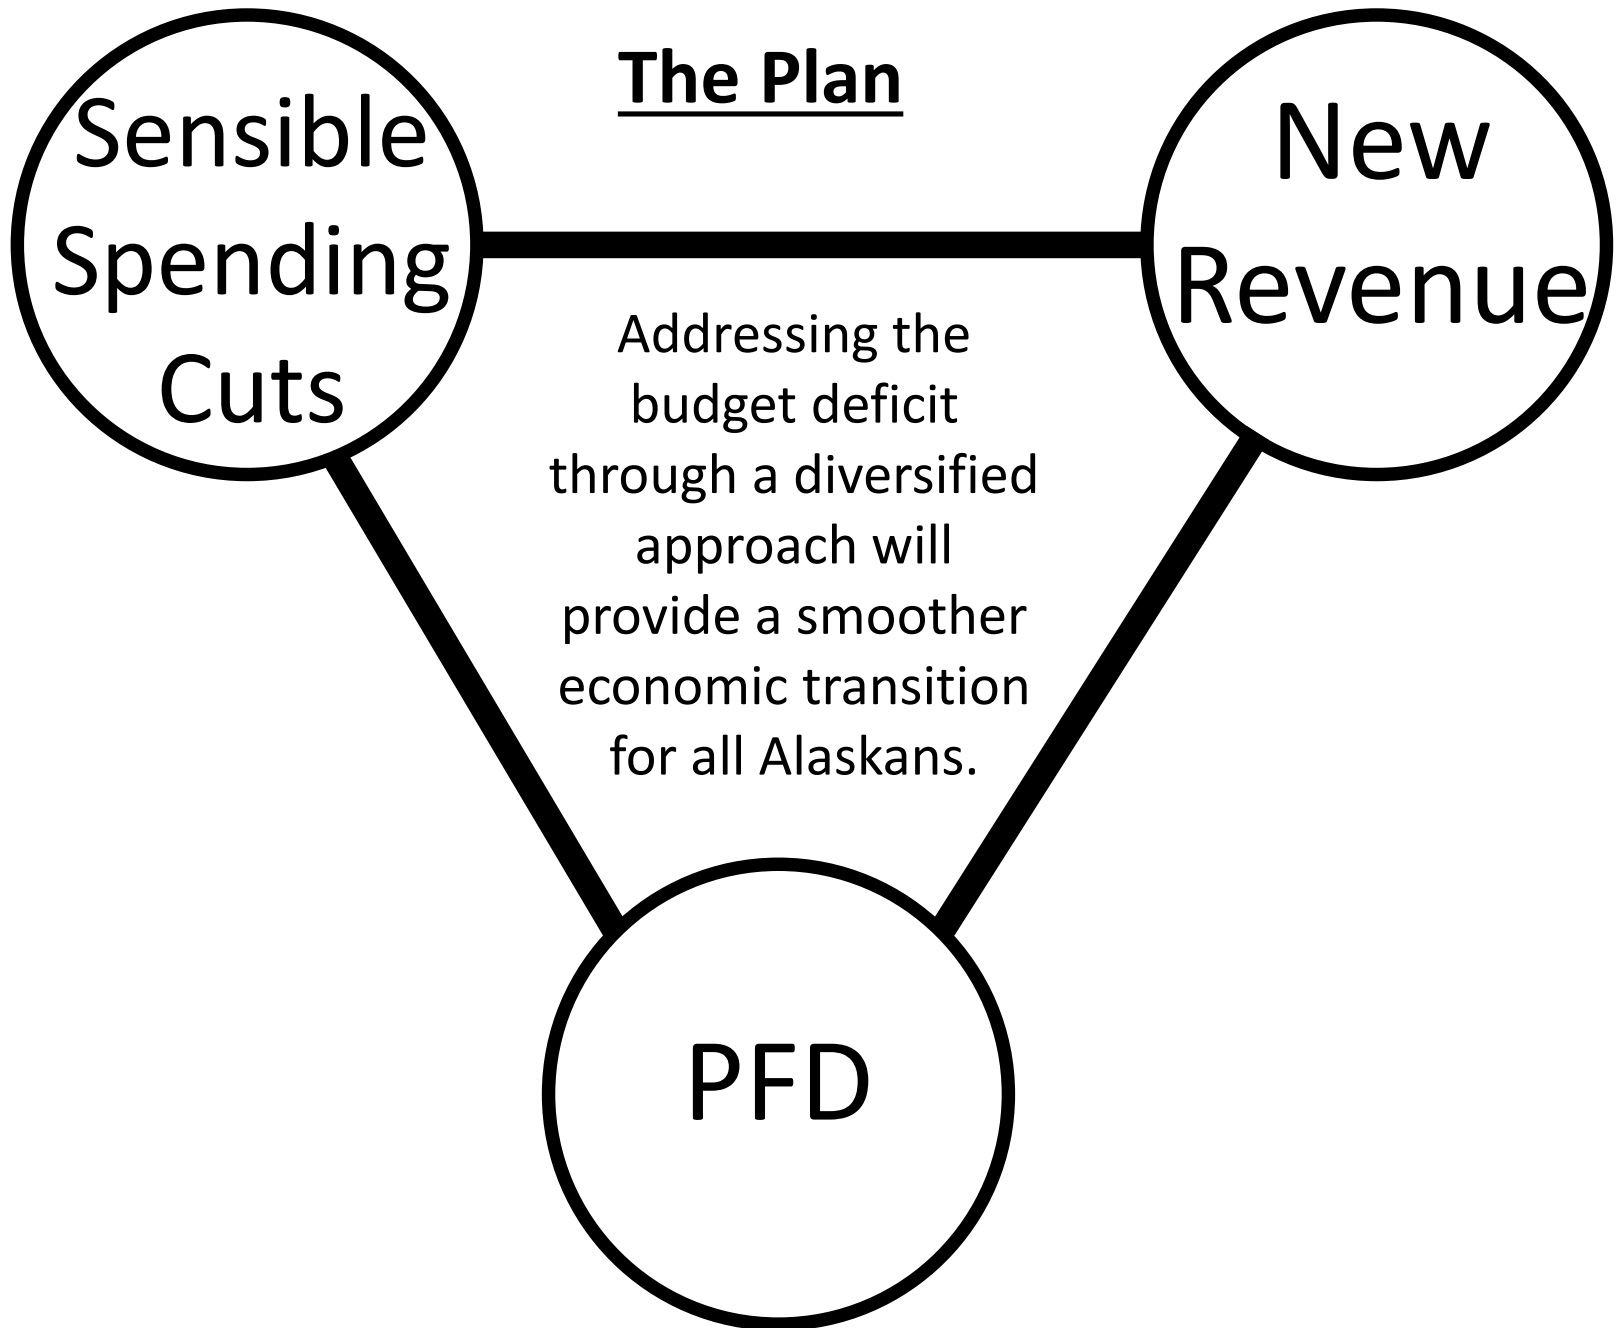

House Finance – April 7, 2016

Presentation prepared by the Office of Rep. Paul Seaton

Not paying for what we spend this year means that our children will pay for what we spend this year.

-Gunnar Knapp

The Plan

The Plan

Sensible
Spending
Cuts

New
Revenue

Addressing the
budget deficit
through a diversified
approach will
provide a smoother
economic transition
for all Alaskans.

The Legislature
controls the
budget cuts and
will continue
reducing.

PFD

The Plan

Sensible
Spending
Cuts

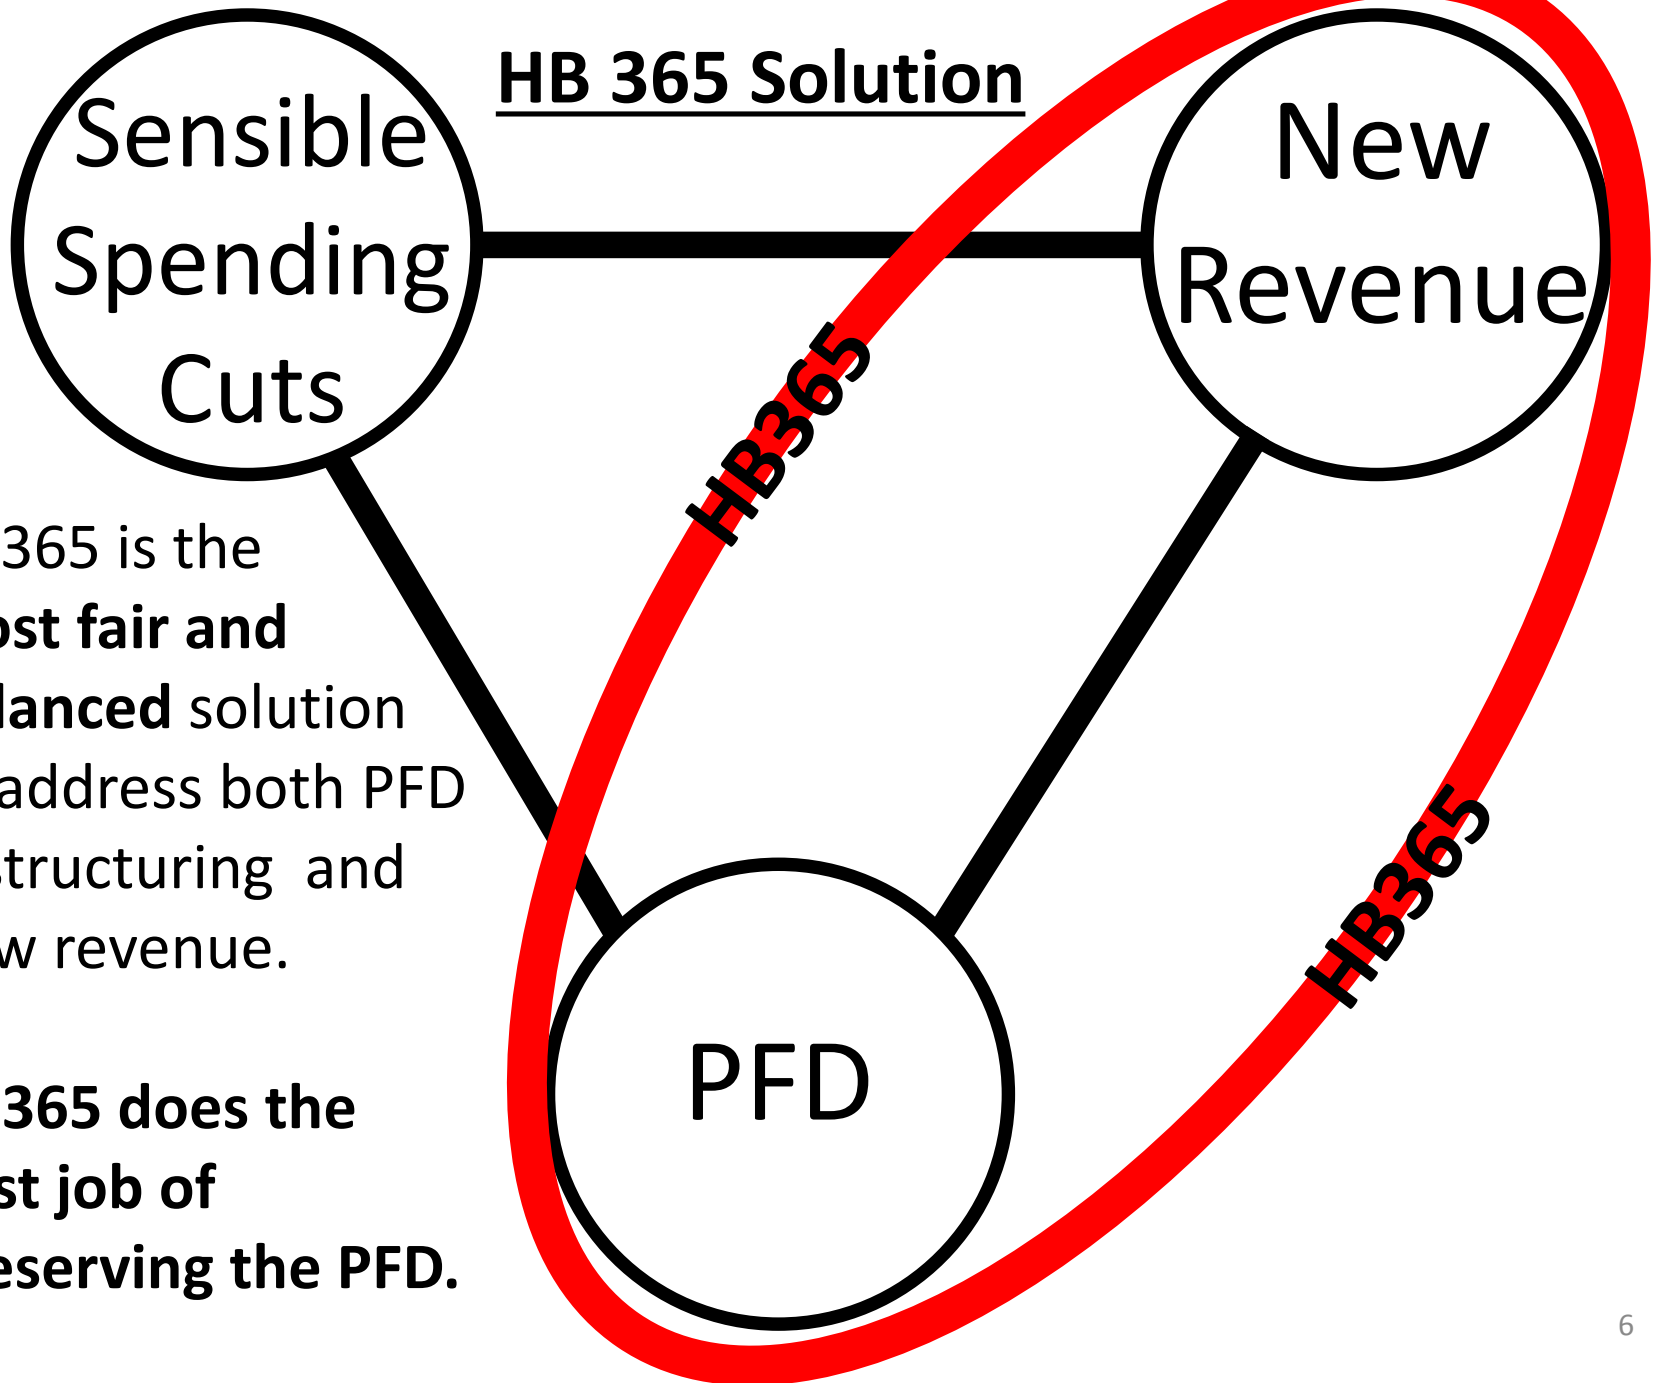

New
Revenue

Addressing the
budget deficit
through a diversified
approach will
provide a smoother
economic transition
for all Alaskans.

The other
Permanent Fund
bills only address
one part of the plan.

PFD

HB 365 Solution

HB365 is the **most fair and balanced** solution to address both PFD restructuring and new revenue.

HB365 does the **best job of preserving the PFD.**

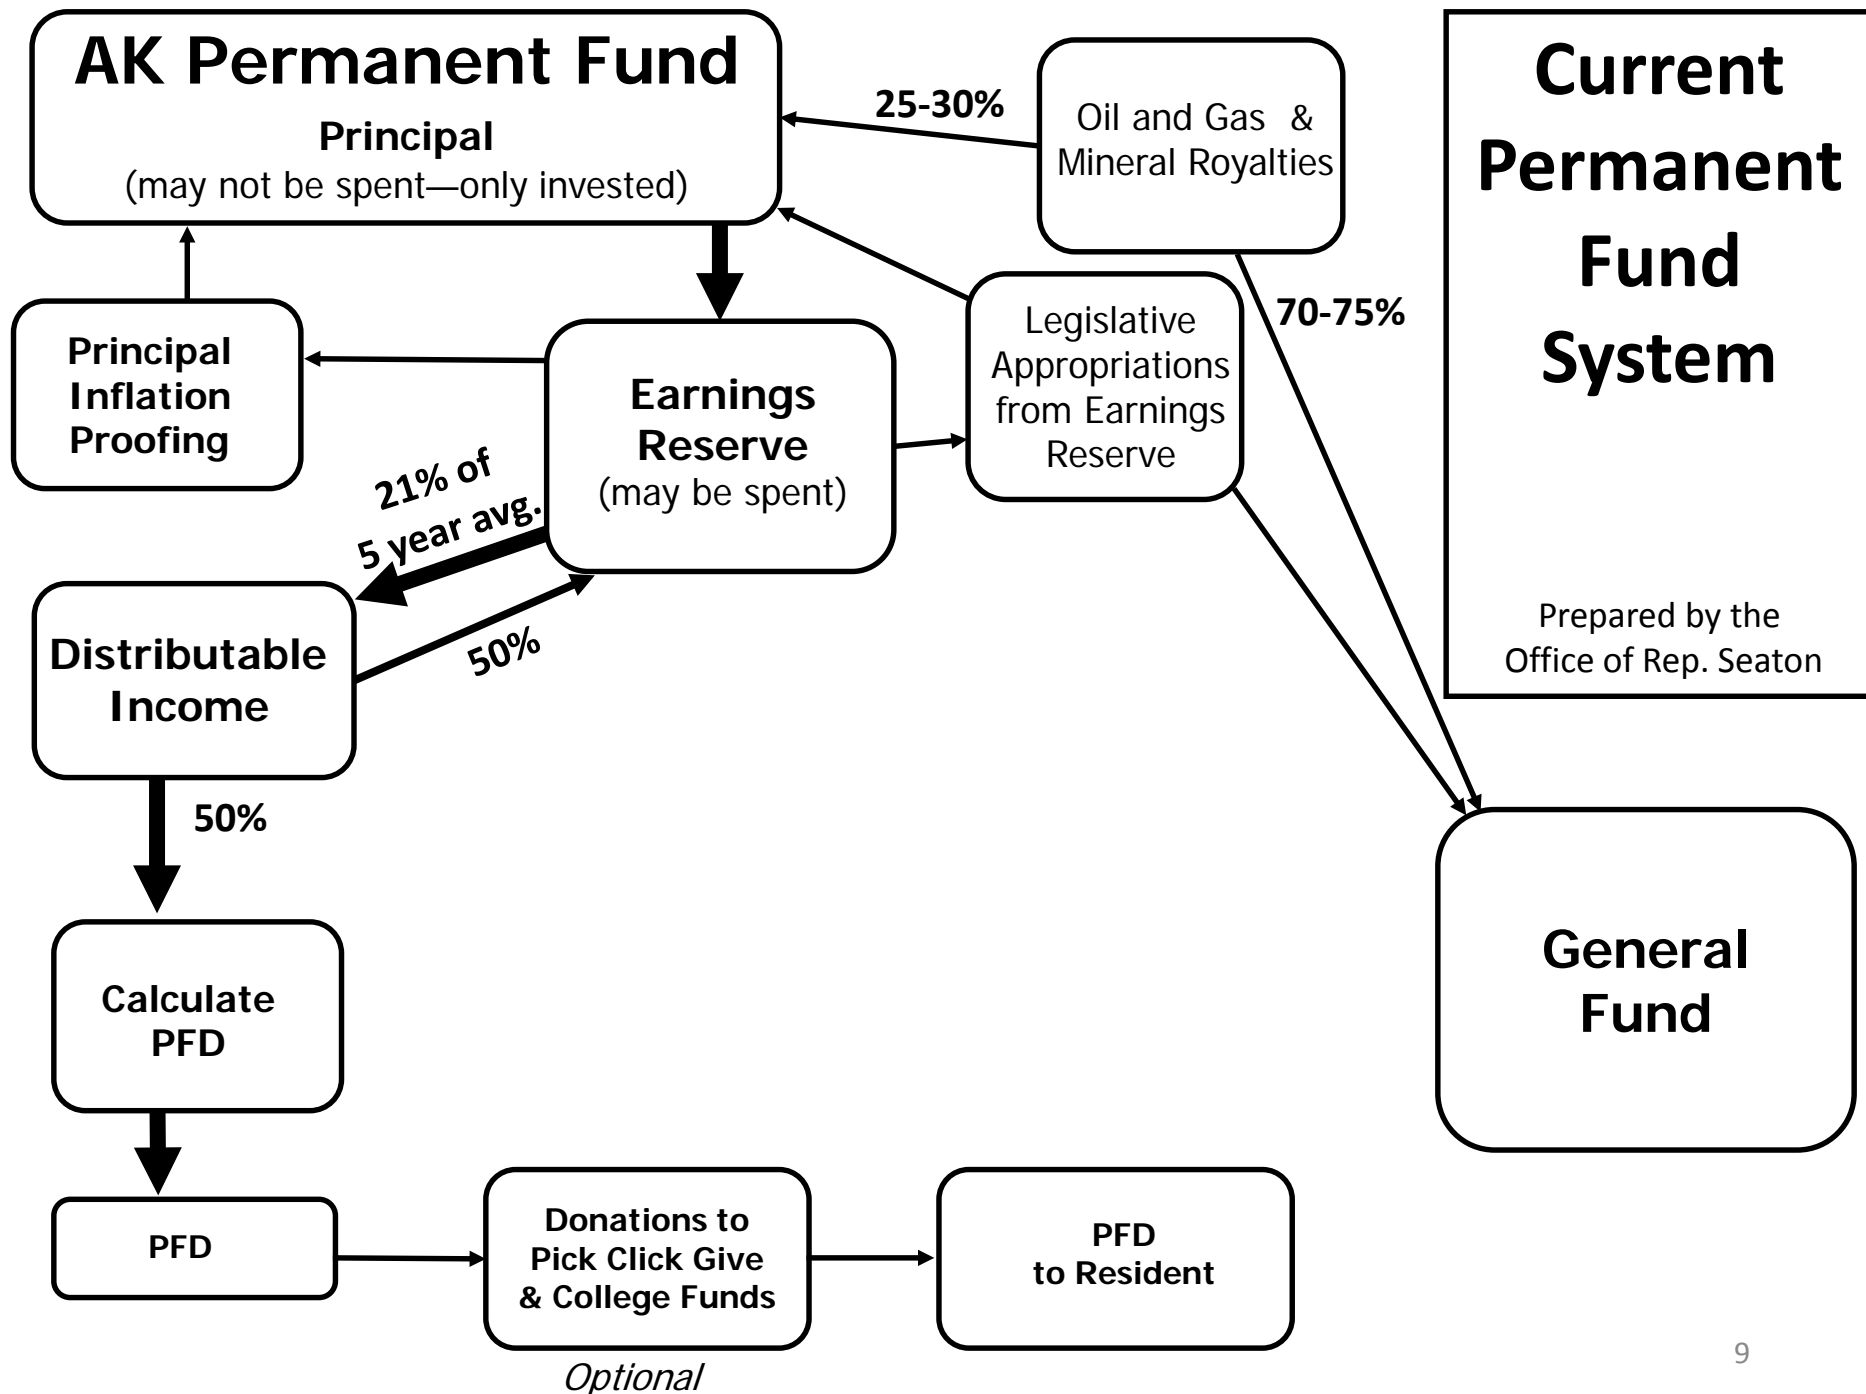

INCOME TAX:

	<u>Revenue*</u>
• 15% Federal Liability	\$500 million
• 10% Long Term Capital Gains	\$ 85 million
• Nonresidents	\$ 70 million
• Total estimated revenue	\$655 million

*Dept. of Revenue fiscal note estimates 4/15/15 from HB182 which is similar to the income tax portion of HB365.

Changes with the PFD

- Distributable Income: currently 50% of the income available for distribution goes to PFDs and 50% stays in the Earnings Reserve. **HB365: 25% goes to PFDs, 25% goes to the general fund**, 50% still stays in the Earnings Reserve.
- A PFD will not exceed \$1,200. If the amount calculated for the PFD is over \$1,200, the **amount in excess of \$1,200 shall be appropriated to the general fund.**
- Residents may **apply their PFD to their upcoming state income tax due as a Refundable Tax Payment.** Any amount left over after paying taxes will be refunded by the Tax Division.
- **2.3% Permanent Fund POMV directed to the General Fund and delete inflation proofing.**

HB 365— Income Tax & Permanent Fund Refundable Tax Payment

Changes to current
Permanent Fund system
shown in **Red**.

**Green is new
revenue & changes
to PF system.**

Prepared by the
Office of Rep. Seaton

HB 365: Total Estimated Revenue to General Fund

Income Tax Revenue*	\$655,000,000
25% PF Distributable Income**	\$686,542,500
2.3% POMV Draw & Delete Inflation Proofing ***	\$1,100,000,000
Total Revenue to General Fund	\$2,441,542,500

*Based on 2015 Fiscal Note for HB 182 which mirrors the income tax portion of HB365

**HB 365 will provide money to the general fund from two sources: 1) it will limit the PFD to \$1200; any excess over \$1200 will go to the General Fund. 2) distributable income from the Earnings Reserve: 25% goes to pay PFDs, 25% goes to the General Fund, & remaining 50% still stays in Earnings Reserve. This amount is based on the 2015 PFD calculation.

*** 2.3% POMV Draw & delete inflation proofing amount based on Alaska Futures model 5 year average projection FY17-FY21.
