

February 23, 2015

Representative Guttenberg

State Capitol

Juneau, AK 99801

Dear Mr. Guttenberg,

As one of the many new peony farmers in the state of Alaska, I heartily encourage you to support the HCR 6 legislation proposing the month of July 2015 as ***Alaska Peony Month***. This is just one of the many ways that we, as Alaskans, can increase awareness in our exciting new state industry. Having people recognize the Alaska peony is a very important component in the overall success we will experience at many levels. Having a month of education and recognition will also serve to commemorate the many people in the state who have worked so hard on this project.

Sincerely,

Maggie Waite
