Subject: Support of UA Engineering Initiative in FY 16 State Capital Budget (SB26)

Dear Senators:

Completion of the engineering facility at the UAF Campus is critical. We realize that balancing the budget is difficult; however, failing to complete the new UAF CEM now will increase the cost considerably when construction is resumed. A \$10 million appropriation in this budget is important and badly needed. Thank you for your consideration.

Respectfully,

Richard A. Hughes, PE
