Subject: UAF's Engineering Building
Date: Friday, April 03, 2015 11:45:50 AM

Please keep money in the budget to complete the extremely needed Engineering Building. Thousands have, of course, already been spent, but the training of engineers in Alaska is extremely important. Our state needs engineers and if we do not have them complete their studies in Alaska they will have to go out of state. They, then, might not come back to Alaska, where they are no needed.

Suzanne Summerville, Dr. phil.
Retired Professor at UAF
