

April 3, 2015

Lake Clark Air, Inc., respectfully requests that the Alaska State Legislature pass HP167. We support this measure. It makes economic and safety sense without compromising the safety and security of the traveling public. It is refreshing to know that this practical solution is being considered and we support its adoption and implementation.

Sincerely,

A handwritten signature in black ink, which appears to read "Glen R. Alsworth, Sr.", is written over a light, circular watermark or stamp.

Glen R. Alsworth, Sr.
