FISCAL NOTE ANALYSIS

STATE OF ALASKA
2015 LEGISLATIVE SESSION

BILL NO. SB16

Analysis

This legislation directs the executive branch to participate in Arctic Council workgroups and be engaged in the policies and guidance developed therein. There are several different workgroups. Historically, the Division of Spill Prevention and Response (SPAR) has found it beneficial to participate on the Emergency Prevention, Preparedness and Response (EPPR) workgroups as they frequently work on oil spill prevention and response issues. Workgroups meet up to four times a year.

The Division of Spill Prevention and Response does not have sufficient funding in its FY2016 budget to allow for additional travel related to participation with Arctic Council workgroups. If additional travel is required, alternate sources of funding would be required.
