

Ruffner Support

Good evening House Fisheries Committee. My name is Eric Booton and as an Anchorage sport fisherman, I am excited to hear that Robert Ruffner is a nominee for the Alaska Board of Fisheries. Ruffner has demonstrated his dedication to Alaska's fisheries through his extensive work to improve fish habitat and advocating for salmon, trout and the anglers who dedicate their lives pursuing them. Ruffner will provide the BOF with the fresh and big picture approach it desperately needs. Please join me in confirming him to the Board. Thank you for your time and hearing my testimony.

Sincerely,
Eric Booton
