#### Sen. Click Bishop

I have been riding the ferries since 1965 and am very upset you could even consider making a cut to their budget. The people of the SE need them to get around, to go for medical treatment, to see family...

I've heard that \$12 million for ferries could be cut this week from the state's budget. I'm contacting you to let you know I oppose this cut.

My family and community rely on ferry service and I can't imagine the impact it could have to lose service even more. If anything, please increase our ferry service, it's our only affordable way to travel in many communities.

Our coastal communities supply the state with an economically powerful fishing industry, we need reliable transportation in order to keep our family fishing and other businesses stable.

Please restore funding for ferries.

Deirdre Downey 5100 Fairchild Fairbanks, AK 99709

### Sen. Click Bishop

I understand you have to make tough cuts this year, but please don't let our ferries be one of them. They are too important to our lives and livelihoods on Alaska's coast, and we can't afford to lose their service.

Please look for ways to make operations more efficient and cost effective before taking away our ferry service. Our families and communities depend on reliable Alaska Marine Highway Service.

Taylor Bracher MP 237 George Parks Hwy Denali Park, AK 99755 Sen. Click Bishop

I GREW UP ON THOSE FERRIES! They are integral to the folks in southeast and especially in the little coastal villages and communities all along South East and South West Alaska.

Why don't you cut some of the OIL industry folks instead. You can have the PFDs. I understand you have to make tough cuts this year, but please don't let our ferries be one of them. They are too important to our lives and livelihoods on Alaska's coast, and we can't afford to lose their service.

Please look for ways to make operations more efficient and cost effective before taking away our ferry service. Our families and communities depend on reliable Alaska Marine Highway Service.

THANK YOU!

Dear Senators and Representatives,

Please restore funding for scheduled Alaska Marine Highway Service. I understand that all departments are facing cuts, but these sudden and drastic changes during Alaska's peak travel season will send unnecessary shockwaves through our communities.

Our communities rely on Alaska Marine Highway Service for basic transportation, for bringing in tourism dollars, for small business travel, for visiting family and more. Canceling scheduled runs starting in July could hurt our local economy more than it helps.

I urge the legislature to proceed with a more gradual and planned approach for reducing the AMHS budget, and to find efficiencies that can reduce the impact on our local and state economy.

I work in the tourism industry. Ferries bring visitors that stay awhile and provide an alternative to "big cruise ship culture". They also bring Alaskans from neighboring communities to Juneau to shop and visit. Ferries themselves are part of what make our state special; a public transportation system that takes one to communities that can only be reached by boat or plane - how great is that!

Please restore funding for ferries.

Linda Nicklin 12175 Glacier Hwy #E401 Juneau, AK 99801

Edward Hays P.O. Box 98 Haines, AK 99827

907-766-3798

I have lived in Haines since 1979, working as a special education teacher and commercial fisherman. During that time, I have learned how vital the Alaska Marine Highway is to the residents of Southeast Alaska who depend upon this service. In addition to the tourist revenue communities in Southeast take in via the ferry system, towns rely on the ferries to provide consistent service to larger towns where they can stock up on supplies. In an era of online shopping, it's so important to Alaska's economic stability to have the means to travel to larger cities to stock up on supplies, while spending money on hotels, meals, entertainment, etc. The geographic aspects of our Southeast communities limit travel to air or water. Air travel is often limited by weather, as well as higher flight costs for families. The ferries supply an essential service and economic boost to communities in Southeast Alaska. Please do everything you can to lend support toward continued financial backing for ferry service.

My point is this:

Jeni Peters POB 287 HAINES, AK 99827

(907) 617-8268

Dear Legislators,

As a long-time resident of Southeast Alaska, I beseech you not to cut ferries from the budget. They are too important to the lives and livelihoods of Southeast residents, and we do not want to lose the access to neighboring communities that the ferry service currently provides.

We travel on ferries from Juneau year round. We make the voyage with our families, friends, vehicles, kayaks, bicycles, dogs, and even cats. Please look for ways to make the Alaska Marine Highway System more cost effective, but please do not eliminate this crucial service. The impact will be too great and will significantly change the lives of many Southeast Alaskans. We depend on reliable ferry service and we're counting on you to make sure it's not cut from the budget.

Thank you!

Diana Rossmiller 8844 N Douglas Hwy. Juneau, AK 99801 907-723-0235

Diana Rossmiller 8844 N. Douglas Hwy. Juneau, AK 99801

I've heard that \$12 million for ferries could be cut this week from the state's budget. I'm contacting you to let you know I oppose this cut.

My family and community rely on ferry service and I can't imagine the impact it could have to lose service even more. If anything, please increase our ferry service, it's our only affordable way to travel in many communities.

Our coastal communities supply the state with an economically powerful fishing industry, we need reliable transportation in order to keep our family fishing and other businesses stable.

Please restore funding for ferries.

Beth Bolander 519 Dalton Street Haines, AK 99827

907-766-2150

Please don't cut our ferries. As a resident of Haines, I rely on the ferries year round and it is an important part of my life and I know that all the residents feel the same. We have to travel to Juneau for doctor's appointments, to get to the airport, to shop.

Please look for ways to make operations more efficient and cost effective before taking away our ferry service. Our families and communities depend on reliable Alaska Marine Highway Service.

Michele Cornelius P.O. Box 297 Haines, AK 99827

Ryan Conarro 223 Gastineau Ave Juneau, AK 99801

Please don't cut our ferry budget - we depend on the Alaska Marine Highway Service for travel. It's a lifeline for our rural, coastal communities.

I hope that you can find ways to work with our communities to reduce this budget, I'm sure there are things we can do besides making drastic cuts that will have major impacts to our lives.

I strongly urge you to put funding for our ferries back in the budget!

I am riding home to Haines on the Malaspina as I type this. I was down south for some classes and am returning with a car filled with treasures, the only way I could do this in March is on a mainliner ferry. Please keep the ferries funded.

Pretty sure that's Gov. Bill Egan on the commemorative wall from 1962 when the 3 big ships were built.

Please help southeast and south central by saving the ferries.

Kelly Mitchell box 538 haines, AK 99827

I was born and raised in Southeast Alaska. This means that I grew up taking the ferry; I slept with my mother on the solarium as an infant, I traveled with my sports teams throughout my school years, and now my own child looks forward tremendously to our summer trips up the Lynn Canal to Haines. Ferries are not only a practical way to get around. They have a way of bringing people together; they create a deeper sense of community among all the residents of Southeast.

I understand you have to make tough cuts this year, but please don't let our ferries be one of them. They are too important to our lives and livelihoods on Alaska's coast, and we can't afford to lose their service.

Please look for ways to make operations more efficient and cost effective before taking away our ferry service. Our families and communities depend on reliable Alaska Marine Highway Service.

Kathryn Rabung 8502 Jennifer Dr. Apt. C Juneau, AK 99801

I've heard that \$12 million for ferries could be cut this week from the state's budget. I'm contacting you to let you know I oppose this cut.

My family and community rely on ferry service and I can't imagine the impact it could have to lose service even more. If anything, please increase our ferry service, it's our only affordable way to travel in many communities. In the small town of Gustavus where I have been a resident since before the inception of the ferry service, I use it for my work/fishing business, recreational and medical/dental needs and to visit elderly family in Juneau when they are in need. In addition, I have many friends who depend on the ferry system as long term employment to support themselves and their families.

Our coastal communities supply the state with an economically powerful fishing industry, we need reliable transportation in order to keep our family fishing and other businesses stable.

AMHS cannot absorb a cut of this magnitude in a single year without serious long-term effects of the entire system and all those who rely on it--locals and businesses. Please honor the published schedule this summer which is a lifeline for so many communities across the coastal region.

Please restore funding for ferries. Thank you for your consideration to recognize AMHS as an integral part of our everyday lives.

Sincerely,

Melissa Senac, Gustavus, AK, 99826

Melissa Senac PO Box 155 Gustavus, AK 99826

Dear Senators and Representatives,

Please restore funding for scheduled Alaska Marine Highway Service. I understand that all departments are facing cuts, but these sudden and drastic changes during Alaska's peak travel season will send unnecessary shockwaves through our communities.

Our communities rely on Alaska Marine Highway Service for basic transportation, for bringing in tourism dollars, for small business travel, for visiting family and more. Canceling scheduled runs starting in July could hurt our local economy more than it helps.

I urge the legislature to proceed with a more gradual and planned approach for reducing the AMHS budget, and to find efficiencies that can reduce the impact on our local and state economy.

I understand you have to make tough cuts this year, but please don't let our ferries be one of them. They are too important to our lives and livelihoods on Alaska's coast, and we can't afford to lose their service.

We already struggle trying to make and keep doctor/vet and dentist appointments because the ferries are not convenient. It is very expensive for us to travel back and forth from Haines to Juneau, and as the ferries are now, we must stay overnight one or sometimes more.

The ferry is our road! We don't want a road that will cost millions. We just need continued ferry service that meets the needs of the people who live here.

Thank you for understanding that those of us living outside of Juneau and/or Anchorage depend on those ferries, not just for our pleasure, but for our health and well-being as well.

Please look for ways to make operations more efficient and cost effective before taking away our ferry service. Our families and communities depend on reliable Alaska Marine Highway Service.

Shannon McPhetres 5 E. Barnett Haines, AK 99827

Linda Blefgen PO Box 210996 Auke Bay, AK 99821

Dear Senators and Representatives,

Please restore funding for scheduled Alaska Marine Highway Service. I understand that all departments are facing cuts, but these sudden and drastic changes during Alaska's peak travel season will send unnecessary shockwaves through our communities.

Please support continued funding of our ferry system. Without it, Alaska, especially Southeast, will suffer.

This is a FALSE cost-saving measure. The economy will not likely be getting better, and if you make it harder for people to live, travel, work, and play here, even less money will flow!

Our communities rely on Alaska Marine Highway Service for basic transportation, for bringing in tourism dollars, for small business travel, for visiting family and more. Canceling scheduled runs starting in July could hurt our local economy more than it helps.

I urge the legislature to proceed with a more gradual and planned approach for reducing the AMHS budget, and to find efficiencies that can reduce the impact on our local and state economy.

Gene Cornelius PO BOX 297 1/2 Mile Inlet Drive Haines, AK 99827

(907) 235-3975

I understand that Alaska is in trouble with it's funding from oil. But I also think there is room for compromise. I would be willing to pay more for my fare as I travel back and forth to Skagway during the summer. We are coming up on the busiest season for the ferries. Cutting ships that run full makes no sense.

I strongly urge you to take a second look at this, and to problem solve. We have to cut back, there is no question, but let us do it wisely. The ferry is the life blood for the small communities that are land locked. Cutting off the ferry for the communities would be similar to shutting down the Anchorage Airport for 4 days a week. Think about it.

Susan Kuelbs P. O. Box 240145 Douglas, AK 99824

907-766-2869

In an effort to pay our state bills, I understand that the ferry system is going to take a cut. It is also my understanding that the financial reduction will change the 2015 schedule. That will effect all Alaskans who use the system frequently plus tourists who have made plans/purchased tickets for 2015 season.

Tourism is a \$\$\$\$\$ maker. Granted that only a portion of the tourists come via the ferry on foot or with vehicle. That is still tourism money lost to a variety of businesses, a bad taste in tourism's mouth, a dark mark against Alaska's friendly come-hither reputation.

Please think again about the amount to cut from funding the ferry. How much are you cutting on airports?

Patricia Wherry

Martin & Christine Niemi 616 Alta Court Douglas, AK 99824

Please restore funding for scheduled Alaska Marine Highway Service. Reductions in service during Alaska's peak travel season will hurt those communities that rely on the AMHS.

We rely on the AMHS to travel between Southeast communities for visiting friends and family, and family, friends and residents in those communities rely on the AMHS to come to Juneau to shop and to visit. The ski team that I coach travelled on the AMHS to the Buckwheat ski race in Skagway this weekend, an event that helps Skagway open their hotels and restaurants and prepare for the upcoming visitor season. Many of us use the AMHS to get wood and forest products from the sawmill in Hoohah.

The AMHS is essential for us here in Southeast for moving people and goods to and around the region. While I recognize there are budget cuts in many departments, I urge the legislature to proceed with caution when trimming the AMHS budget in order to reduce the negative impact on our local and state economy.

Thank you for your consideration, and for your service.

Odin Brudie 512 6th St. Juneau, AK 99801 odin@gci.net

Odin Brudie 512 6th Street Juneau, AK 99801

Please don't cut our ferry budget - we depend on the Alaska Marine Highway Service for travel. It's a lifeline for our rural, coastal communities.

I hope that you can find ways to work with our communities to reduce this budget, I'm sure there are things we can do besides making drastic cuts that will have major impacts to our lives.

I strongly urge you to put funding for our ferries back in the budget!

How many millions has the state saved by cutting the Juneau Access Road funding? Please spend a small fraction of this to keep our ferries running and regular! The ferry is the life blood of the entire southern Alaskan coast! That is a huge chunk of the state. It is also the only reliable mode of transportation when you live in the ever changing coastal climate. My husband has suffered two severe traumatic brain injuries in the last 4 years and the ferry was the only way he could get to a hospital in Juneau to get medical care he desperately needed! PLEASE DO NOT TAKE AWAY OUR ONLY LIFELINE!

Annemarie Hasskamp 475 11th Ave Skagway, AK 99840

We are a two-community family and we depend on our ferry system to carry us safely between Juneau and Tenakee. Float planes, our only other means of transportation, are extremely expensive and very weather dependent. And float plane travel in our everchanging weather can be downright terrifying.

Many folks who live in the villages accessed by ferries have a subsistence lifestyle and will be absolutely trapped without ferry service. In Tenakee we have elders and families who depend on the ferry for medical trips, food shopping trips, and contact with family in other communities. Twelve years ago, regular ferry service was key to our decision to buy a home in Tenakee.

Please don't weaken the lifeline that connects our coastal communities. I hope you can work with Southeast communities to keep our Alaska Marine Highway Service intact.

Please, please reinstate funding for our ferry system into the budget!

Sincerely,

Karen Wilson

I understand you have to make tough cuts this year, but please don't let our ferries be one of them. They are too important to our lives and livelihoods on Alaska's coast, and we can't afford to lose their service.

Please look for ways to make operations more efficient and cost effective before taking away our ferry service. Our families and communities depend on reliable Alaska Marine Highway Service.

lisa daugherty 9223 n douglas hwy juneau, AK 99801

Dear Dennis,

In response to proposed cuts to the ferry system, I need to speak out with my opposition to these cuts. Please fight to retain funding for the ferry system.

Here in the upper Lynn Canal, we rely on ferry service and I can't imagine the impact it could have to lose service even more. If anything, please increase our ferry service, it's our only affordable way to travel in many communities.

Our coastal communities supply the state with an economically powerful fishing industry, we need reliable transportation in order to keep our family fishing and other businesses stable.

Please restore funding for ferries.

James Alborough PO Box 123 Haines, AK 99827

9077662082

Please restore funding for scheduled Alaska Marine Highway Service. I understand that all departments are facing cuts, but these sudden and drastic changes during Alaska's peak travel season will send unnecessary shockwaves through our communities.

Our communities rely on Alaska Marine Highway Service for basic transportation, for bringing in tourism dollars, for small business travel, for visiting family and more. Canceling scheduled runs starting in July could hurt our local economy more than it helps.

I urge the legislature to proceed with a more gradual and planned approach for reducing the AMHS budget, and to find efficiencies that can reduce the impact on our local and state economy.

Please keep our ferry system alive! It is the ONLY RELIABLE SOURCE OF TRANSPORTATION when you live in coastal Alaska. I have suffered two traumatic brain injuries in the last four years and the ferry was the only way I could get to the hospital both times! We need the ferry, our lives depend on it!!!

Josh Hunter 475 11th Ave Skagway, AK 99840

Please don't cut our ferry budget - we depend on the Alaska Marine Highway Service for travel. It's a lifeline for our rural, coastal communities.

I hope that you can find ways to work with our communities to reduce this budget, I'm sure there are things we can do besides making drastic cuts that will have major impacts to our lives.

I strongly urge you to put funding for our ferries back in the budget!

Jeanette St George 4170 Glacier Hwy Juneau, AK 99801

I've heard that \$12 million for ferries could be cut this week from the state's budget. I'm contacting you to let you know I strongly oppose this cut.

My family and community rely on ferry service and I can't imagine the impact it could have to lose service even more. If anything, please increase our ferry service, it's our only affordable way to travel in many communities. We should be investing more in mass public transportation methods such as the ferry system, not less.

The ferry system is crucial for the transportation needs of SE Alaskans, as well as for tourism. Additionally, it is the only reliable method of transportation in an area where weather can often hinder flying.

Please restore funding for ferries.

Kim Burnham 1201 Main st. Skagway, AK 99840

Please look for ways to make operations more efficient and cost effective before taking away our ferry service. Our families and communities depend on reliable Alaska Marine Highway Service.

Julie Anderson 864 Beach Rd Haines , AK 99827

Would we close a highway into Anchorage? Fairbanks? Homer? The Marine Highway System was designed to be Southeast's highway. I remember the thrill when it was inaugurated. I remember the freedom when my family was able to travel somewhere--to go camping. Actually, it was the old Chilkat ferry that provided the first trip our family of five made together when I was a youngster.

The whole time our daughters were growing up, we only made one family trip by plane-but we several times were able to afford boarding the ferry to haines, skagway, and sitka. we didn't have money for airline travel and I, a non-driver, valued being able to get a ride to the ferry terminal and then travel alone with my daughters to visit other communities. It is still the most frequent way my husband and i travel. we love it.

My family and community have relied on ferry service ever since it was available, and I can't imagine the impact it could have to lose service even more. If anything, please increase our ferry service, it's our only affordable way to travel in many communities.

Our coastal communities supply the state with an economically powerful fishing industry, we need reliable transportation in order to keep our family fishing and other businesses stable.

Please restore funding for ferries. Thank you.

Susi Gregg Fowler 603 West 12th Street Juneau, AK 99801

I live in Juneau and, as I'm sure you are aware, the only way to travel to and from my home is to fly or take a ferry. I'm a full time college student at UAS, so to say I'm on a limited budget is really an exquisite way of saying my piggy bank is pretty empty. Flights in and out can get mighty pricey and the ferry has always been a wonderful more affordable option to visit family in other places of Alaska. It would be a detriment to the lives of folks like me and countless other Alaskans that rely on the ferry as their primary mode of transportation if ferry services were cut.

Please look for ways to make operations more efficient and cost effective before taking away our ferry service. Our families and communities depend on reliable Alaska Marine Highway Service.

Mariel Terry 1600 Harbor Way Juneau, AK 99801

9076023556

Imagine if the state decided to close the road from was ills to anchorage due to budget cuts? There would be an up roar. The ferry is our highway and I use it to commute to work in Juneau from haines twice a month.

I understand you have to make tough cuts this year, but please don't let our ferries be one of them. They are too important to our lives and livelihoods on Alaska's coast, and we can't afford to lose their service.

Please look for ways to make operations more efficient and cost effective before taking away our ferry service. Our families and communities depend on reliable Alaska Marine Highway Service.

I've heard that \$12 million for ferries could be cut this week from the state's budget. I'm contacting you to let you know I oppose this cut.

I've lived in SE Alaska for 47 years, first living in Hoonah, 50 miles west of Juneau as the crow flies. The first two years, there was no ferry. I remember my friend with twin babies very worried about getting them to Juneau to see a Doctor, when planes couldn't fly. Other than subsistence food, no food was fresh. The school couldn't afford to send youth to another village to broaden their experience and compete in sports. As a young teacher I couldn't afford to fly out, so experienced first hand the sense of isolation. The year the ferry came to Hoonah everything changed through that connection. Small communities now rely on the ferry to regularly travel to meet many needs, including a connection to nearby communities. It's the only affordable travel for many Alaskans, and it is not a luxury. They depend on being able to purchase needed goods in larger communities at affordable prices. They need it to obtain medical care, expand experience for the young, have cultural exchange and much more in order to sustain rural families including supporting an economically powerful fishing industry.

Please restore funding for ferries.

Patricia O'Brien PO Box 35451 Juneau, AK 99803

I've heard that \$12 million for ferries could be cut this week from the state's budget. I'm contacting you to let you know I oppose this cut.

I work in the tourism industry. Ferries bring visitors that stay awhile and provide an alternative to "big cruise ship culture". They also bring Alaskans from neighboring communities to Juneau to shop and visit. Ferries themselves are part of what make our state special; a public transportation system that takes one to communities that can only be reached by boat or plane - how great is that!

Please restore funding for ferries.

Linda Nicklin 12175 Glacier Hwy #E401 Juneau, AK 99801

It's astounding how out of touch our government is with reality! Heavily booked for the summer season, and a large part of our economic survival, the ferries must keep to a reasonable schedule.

Pull the funding that's in stasis now on the insane Juneau Road, and put it into a single ferry servicing Juneau, Skagway & Haines. How simple is that! Don't strangle us.

Slashing Education, transportation & Communication. Reverting to the dark ages. And the 1% for the arts? The "people" just don't matter anymore.

Please act responsibly!

Thanks You!

Thank

I've heard that \$12 million for ferries could be cut this week from the state's budget. I'm contacting you to let you know I oppose this cut.

Our community, our family and business rely on ferry service and I can't imagine the impact it could have to lose service even more. If anything, please increase our ferry service, it's our only affordable way to travel in many communities.

I've read where 40% of the tavelers coming to Anchorage and Fairbanks ride the ferries. Cutting back on this important mass-transit system is not in the best economic interest of the entire state. During lean budget times, if important transportation infrastructure is cut the business economy of SE Alaska will plummet. It would have an effect similar to closing the Highway to Tok, gateway to interior Alaska. Can you get the DOT to move funds set aside for the Juneau Road boondoggle into the ferry system?

Please restore funding for ferries. I would appreciate hearing back from you.

Kind regards,

Dan Egolf, 35 year resident and Business owner in Haines, AK

Dan Egolf 234 Oslund Dr Haines, AK 99827

Please don't cut our ferry budget - we depend on the Alaska Marine Highway Service for travel. It's a lifeline for our rural, coastal communities.

I hope that you can find ways to work with our communities to reduce this budget, I'm sure there are things we can do besides making drastic cuts that will have major impacts to our lives.

I strongly urge you to put funding for our ferries back in the budget!

My father is coming to visit me in skagway this summer, for the 1st time in 13 years. I made sure he is flying in & ferrying out because I feel they are both beautiful experiences. I have taken the ferry almost every time I come in & out of skagway. It Is cheaper, & when you're leaving town with a lot of luggage, it's a lot easier! Also, many people rely on the ferry system to get their vehicles up her & back every season.

It's like taking the train somewhere as opposed to flying. You can get up, move around, talk to people & make friends, & it's scenic! It is an experience in & of itself.

Again, please do not cut funding to our ferry system.

Jessie baker 850 main st p.o. box 988 skagway, AK 99840

My family and community rely on ferry service and I can't imagine the impact it could have to lose service even more. If anything, please increase our ferry service, it's our only affordable way to travel in many communities.

Our coastal communities supply the state with an economically powerful fishing industry, we need reliable transportation in order to keep our family fishing and other businesses stable.

Please restore funding for ferries.

Megan Ellis Box 965 Skagway, AK 99840

Dear Senators and Representatives,

Please restore funding for scheduled Alaska Marine Highway Service. I understand that all departments are facing cuts, but these sudden and drastic changes during Alaska's peak travel season will send unnecessary shockwaves through our communities.

Our communities rely on Alaska Marine Highway Service for basic transportation, for bringing in tourism dollars, for small business travel, for visiting family and more. Canceling scheduled runs starting in July could hurt our local economy more than it helps.

I urge the legislature to proceed with a more gradual and planned approach for reducing the AMHS budget, and to find efficiencies that can reduce the impact on our local and state economy.

Gabriel Wechter 17975 Point Stephens Rd Juneau, AK 99801

Dear Senators and Representatives,

Is Alaska really on the verge of canceling hundreds of paid ferry tickets of potential tourists ready to spend thousands of dollars in Alaska, restrict local travel of people conducting all kinds of commerce and visits to family in distant regions of the state, restrict military families from moving to and from Alaska's many bases? These are only some of the many vital uses of The Alaska Marine Highway, not to mention the hard working bread winners of hundreds of Alaskan families who will lose their jobs and have to collect unemployment and other government assistance.. All in all these cuts in the ferry budget will cause multifold and drastic losses in Alaska's economy easily dwarfing any saving's from budget cuts.

Please restore funding for scheduled Alaska Marine Highway Service. I understand that all departments are facing cuts, but these sudden and drastic changes during Alaska's peak travel season will send unnecessary shockwaves through our communities.

Our communities rely on Alaska Marine Highway Service for basic transportation, for bringing in tourism dollars, for small business travel, for visiting family and more. Canceling scheduled runs starting in July could hurt our local economy more than it helps.

My family and community rely on ferry service and I can't imagine the impact it could have to lose service even more. If anything, please increase our ferry service, it's our only affordable way to travel in many communities.

Also, a summer reduction in service will greatly impact travelers who planned to use the ferry to visit Southeast Alaska. Many of them may lose their reservations, which might cause them to cancel their vacations. The travelers are the ones who spend real money in the communities, much more than the tourists on the cruise ships and fishing lodges guests.

Our coastal communities supply the state with an economically powerful fishing industry, we need reliable transportation in order to keep our family fishing and other businesses stable.

Please restore funding for ferries.

I've heard that \$12 million for ferries could be cut this week from the state's budget. I'm contacting you to let you know I oppose this cut.

I've lived in SE Alaska for 47 years, first living in Hoonah, 50 miles west of Juneau as the crow flies. The first two years, there was no ferry. I remember my friend with twin babies very worried about getting them to Juneau to see a Doctor, when planes couldn't fly. Other than subsistence food, no food was fresh. The school couldn't afford to send youth to another village to broaden their experience and compete in sports. As a young teacher I couldn't afford to fly out, so experienced first hand the sense of isolation. The year the ferry came to Hoonah everything changed through that connection. Small communities now rely on the ferry to regularly travel to meet many needs, including a connection to nearby communities. It's the only affordable travel for many Alaskans, and it is not a luxury. They depend on being able to purchase needed goods in larger communities at affordable prices. They need it to obtain medical care, expand experience for the young, have cultural exchange and much more in order to sustain rural families including supporting an economically powerful fishing industry.

Please restore funding for ferries.

Patricia O'Brien PO Box 35451 Juneau, AK 99803

It's astounding how out of touch our government is with reality! Heavily booked for the summer season, and a large part of our economic survival, the ferries must keep to a reasonable schedule.

Pull the funding that's in stasis now on the insane Juneau Road, and put it into a single ferry servicing Juneau, Skagway & Haines. How simple is that! Don't strangle us.

Slashing Education, transportation & Communication. Reverting to the dark ages. And the 1% for the arts? The "people" just don't matter anymore.

Please act responsibly!

Thanks You!

Thank

John Svenson 6 mile Mud Bay Road haines, AK 99827

Our communities rely on Alaska Marine Highway Service for basic transportation, for bringing in tourism dollars, for small business travel, for visiting family and more. Canceling scheduled runs starting in July could hurt our local economy more than it helps.

I urge the legislature to proceed with a more gradual and planned approach for reducing the AMHS budget, and to find efficiencies that can reduce the impact on our local and state economy.

Carol Hedlin 4015 Ridge Way Juneau, AK 99801

I've heard that \$12 million for ferries could be cut this week from the state's budget. I'm contacting you to let you know I oppose this cut.

My family and community rely on ferry service and I can't imagine the impact it could have to lose service even more. If anything, please increase our ferry service, it's our only affordable way to travel in many communities.

Our coastal communities supply the state with an economically powerful fishing industry, we need reliable transportation in order to keep our family fishing and other businesses stable.

Please restore funding for ferries.

Conrad Muller 326 4th St 509 Juneau, AK 99801

(206) 388-6053

Please don't cut our ferry budget - we depend on the Alaska Marine Highway Service for travel. It's a lifeline for our rural, coastal communities.

I hope that you can find ways to work with our communities to reduce this budget, I'm sure there are things we can do besides making drastic cuts that will have major impacts to our lives.

I strongly urge you to put funding for our ferries back in the budget!

Joe McCabe 3540 Glacier Hwy Juneau, AK 99801

I've heard that \$12 million for ferries could be cut this week from the state's budget. I'm contacting you to let you know I oppose this cut.

The Haines community relies on ferry service year around. When wx is poor in the wintertime, ferries always seem to pull through. It is our line to buying goods from Juneau and connecting with jet service. The road is not am option, esp. in the winter. Please realize how vital the ferry service is to folks here in SEAK. Please keep the same amount of ferry service you have offered over the years, it's our only affordable way to travel in many communities.

Our coastal communities supply the state with an economically powerful fishing industry, we need reliable transportation in order to keep our family fishing and other businesses stable.

Please restore funding for ferries.

Dana Van Burgh PO Box 122 Haines, AK 99827

Please don't cut our ferry budget - we depend on the Alaska Marine Highway Service for travel. It's a lifeline for our rural, coastal communities.

I hope that you can find ways to work with our communities to reduce this budget, I'm sure there are things we can do besides making drastic cuts that will have major impacts to our lives.

I strongly urge you to put funding for our ferries back in the budget!

Doug Sanvik P.O. Box 21774 Juneau, AK 99802

Dear Senators and Representatives,

Please restore funding for scheduled Alaska Marine Highway Service. I understand that all departments are facing cuts, but these sudden and drastic changes during Alaska's peak travel season will send unnecessary shockwaves through our communities.

Our communities rely on Alaska Marine Highway Service for basic transportation, for bringing in tourism dollars, for small business travel, for visiting family and more. Canceling scheduled runs starting in July could hurt our local economy more than it helps.

I urge the legislature to proceed with a more gradual and planned approach for reducing the AMHS budget, and to find efficiencies that can reduce the impact on our local and state economy.

Our community, our family and business rely on ferry service and I can't imagine the impact it could have to lose service even more. If anything, please increase our ferry service, it's our only affordable way to travel in many communities.

I've read where 40% of the tavelers coming to Anchorage and Fairbanks ride the ferries. Cutting back on this important mass-transit system is not in the best economic interest of the entire state. During lean budget times, if important transportation infrastructure is cut the business economy of SE Alaska will plummet. It would have an effect similar to closing the Highway to Tok, gateway to interior Alaska. Can you get the DOT to move funds set aside for the Juneau Road boondoggle into the ferry system?

Please restore funding for ferries. I would appreciate hearing back from you.

Kind regards,

Dan Egolf, 35 year resident and Business owner in Haines, AK

Dan Egolf 234 Oslund Dr Haines, AK 99827

Please don't cut our ferry budget - we depend on the Alaska Marine Highway Service for travel. It's a lifeline for our rural, coastal communities.

I strongly urge you to put funding for our ferries back in the budget!

My father is coming to visit me in skagway this summer, for the 1st time in 13 years. I made sure he is flying in & ferrying out because I feel they are both beautiful experiences. I have taken the ferry almost every time I come in & out of skagway. It Is cheaper, & when you're leaving town with a lot of luggage, it's a lot easier! Also, many people rely on the ferry system to get their vehicles up her & back every season.

It's like taking the train somewhere as opposed to flying. You can get up, move around, talk to people & make friends, & it's scenic! It is an experience in & of itself.

Again, please do not cut funding to our ferry system.

Jessie baker 850 main st p.o. box 988 skagway, AK 99840

Dear Senators and Representatives,

Is Alaska really on the verge of canceling hundreds of paid ferry tickets of potential tourists ready to spend thousands of dollars in Alaska, restrict local travel of people conducting all kinds of commerce and visits to family in distant regions of the state, restrict military families from moving to and from Alaska's many bases? These are only some of the many vital uses of The Alaska Marine Highway, not to mention the hard working bread winners of hundreds of Alaskan families who will lose their jobs and have to collect unemployment and other government assistance.. All in all these cuts in the ferry budget will cause multifold and drastic losses in Alaska's economy easily dwarfing any saving's from budget cuts.

Please restore funding for scheduled Alaska Marine Highway Service. I understand that all departments are facing cuts, but these sudden and drastic changes during Alaska's peak travel season will send unnecessary shockwaves through our communities.

Our communities rely on Alaska Marine Highway Service for basic transportation, for bringing in tourism dollars, for small business travel, for visiting family and more. Canceling scheduled runs starting in July could hurt our local economy more than it helps.

To Whom it May Concern,

My family is very concerned about the budget cuts being proposed for AMHS. My grandmother, Jeanne Lindley, is a retired AMHS Employee who is strongly against these proposed changes.

Please don't cut our ferry budget - we depend on the Alaska Marine Highway Service for travel. It's a lifeline for our rural, coastal communities. Without the ferry system, inter-Alaskan travel will be monopolized by the already over-priced Alaska Airlines. Travel will be less convenient and cease to exist as an option for many Alaskans.

I hope that you can find ways to work with our communities to reduce this budget, I'm sure there are things we can do besides making drastic cuts that will have major impacts to our lives.

I strongly urge you to put funding for our ferries back in the budget! We need our ferries!!

Britany Lindley 209 Grief Street Wrangell, AK 99929

To Whom It May Concern,

My name is Jeanne Lindley and I am a retired Alaska Marine Highway System employee. AMHS has always been an Alaskan friendly service. AMHS has been the most utilized resource for inter-Alaskan travel since voters approved \$18 million bond package to AMHS for improvements in 1959.

AMHS has competitive pricing and comfortable accommodations that are preferred by our School districts, our elderly, our families and our visitors. School districts rely on AMHS for academic, athletic and extracurricular travel. The elderly depend on AMHS for medical travel and visiting family. Alaskan families utilize AMHS for the adventurous lure it gives our children, medical travel and family reunions. Visitors utilize AMHS to travel through rural-Alaska, bringing the tourism industry and it's financial benefits to communities that otherwise wouldn't have any tourist activity.

Please don't cut our ferry budget - we depend on the Alaska Marine Highway Service for travel. It's a lifeline for our rural, coastal communities.

I hope that you can find ways to work with our communities to reduce this budget, I'm sure there are things we can do besides making drastic cuts that will have major impacts to our lives.

I strongly urge you to put funding for our ferries back in the budget!

Jeanne Lindley 209 Greif Street Wrangell, AK 99929

1(907)254-3409

To Whom It May Concern,

At Alaska Waters Inc., we think that the ferry system should be upgraded, old ferries replaced, and a permanent fund established to fund the ferry system into the future. We believe that small communities should be served equally as well as large communities. Small communities cannot grow if Ketchikan and Juneau get all the ferries. There needs to be at least 5 days a week service to all communities. Wrangell's emerging travel industry is shackled and kept from reaching its potential because of the inconsistent ferry service. We lose a lot of business because it's so difficult to get into and out of Wrangell. A link with Petersburg would help. A floating dock system at Banana Point with scheduled bus service would go a long way to making this work better. PSG gets daily ferry service to JNU with the fast ferry, Fairweather. I have lobbied for these things for twenty years. Approached Senator Bert Stedman regarding these opinions. He is a fan. Approached RAC and wrote a proposal ..... twice with no success. Most of the RAC money goes to PSG projects. I met with Peggy Wilson and had lengthy discussions. She was not effective enough to get this done. Our new representative from KTN, Dan Ortiz, has his heart in the right place, but he's a freshman representative so it will take a while for him to get traction in Juneau.

Bottom line is that there aren't enough votes in SE Alaska to carry the water for good, sustainable ferry service. We have not had effective legislators other than Bert to make the case and tip the scales toward our fair share of transportation access. It always comes down to cost per resident which is BS. Ferry service is our highway system and the state won't put the money into SE Alaska to make this viable. In the future we'll get less, not more service. The money to build new ferries is being put on hold. Our fleet is worn out. The prognosis is not good. If this shuttle service, Rainforest something or other, that is supposed to be coming on-line succeeds it will help. I'm not holding my breath on that. I'm quite discouraged after so many years of trying to gain equity for SE Alaska. Now, with the budget shortfall of \$3.5 billion, there is not much hope for an expanded or improved system. They are cutting schedules. Wrangell will not do well in the shakeup. Hopefully the state will not hurt Wrangell's summer schedule too much but I wouldn't hold my breath on that either.

Please restore funding for scheduled Alaska Marine Highway Service. I understand that all departments are facing cuts, but these sudden and drastic changes during Alaska's peak travel season will send unnecessary shockwaves through our communities.

Our communities rely on Alaska Marine Highway Service for basic transportation, for bringing in tourism dollars, for small business travel, for visiting family and more. Canceling scheduled runs starting in July could hurt our local economy more than it helps.

I urge the legislature to proceed with a more gradual and planned approach for reducing the AMHS budget, and to find efficiencies that can reduce the impact on our local and state economy.

Victoria McDonald 6526 Rodgers Pass Ketchikan, AK 99901

907 254 0914

I am VERY concerned about cutting the Marine Highway budget for this summer. I understand we need to make cuts but if this summers sailings are changed it will be devastating to our Wrangell economy. Wrangell has a thriving independent visitor industry. We do not have much of a cruise ship visitor industry. Many of our visitors arrive here by ferry. our hotels, B&Bs and tours are now booked with people already booked on this summers sailings. We have very limited access to our town and are past the booking season so rebooking would be impossible at this late date. many visitors to Wrangell come for opportunities like Anan wildlife Observatory which is a lottery drawn permit, they can not reschedule their activities! I would rather see cuts to next seasons sailings than stop currently booked passengers. the trickle down effect would destroy many livelihoods' in this town.

thank you for your careful consideration of this issue Brenda Schwartz-Yeager

Brenda Schwartz-Yeager #5 front Steet Wrangell, AK 99929

## Sen. Mia Costello

I understand you have to make tough cuts this year, but please don't let our ferries be one of them. They are too important to our lives and livelihoods on Alaska's coast, and we can't afford to lose their service.

Please look for ways to make operations more efficient and cost effective before taking away our ferry service. Our families and communities depend on reliable Alaska Marine Highway Service.

Colin OBrien 5700 Kenai Fjords Loop Anchorage, AK 99502 Rep. Kurt Olson

Dear Senators and Representatives,

Please restore funding for scheduled Alaska Marine Highway Service. I understand that all departments are facing cuts, but these sudden and drastic changes during Alaska's peak travel season will send unnecessary shockwaves through our communities.

People use the ferry for reliable transportation of themselves and supplies along the route. It is also a fun way to travel for those of us who can't afford the "cruise ships."

Our communities rely on Alaska Marine Highway Service for basic transportation, for bringing in tourism dollars, for small business travel, for visiting family and more. Canceling scheduled runs starting in July could hurt our local economy more than it helps.

I urge the legislature to proceed with a more gradual and planned approach for reducing the AMHS budget, and to find efficiencies that can reduce the impact on our local and state economy.

Kathy East 1610 Silver Pines Rd Kenai, AK 99611

Please don't cut our ferry budget - we depend on the Alaska Marine Highway Service for travel. It's a lifeline for our rural, coastal communities.

I hope that you can find ways to work with our communities to reduce this budget, I'm sure there are things we can do besides making drastic cuts that will have major impacts to our lives.

I strongly urge you to put funding for our ferries back in the budget!

Eric Grundberg PO Box 2193 Petersburg, AK 99833

Please do not make even deeper cuts to our ferry system. This is truly our highway in southeast Alaska. If these cuts continue you will see a decline in population. People will not be able to afford to live here any longer. Cutting the ferry service even deeper will also damage the school system as kids won't be able to travel to other communities for debate, sports, music, drama. What about Tourism? How will someone get that once in a lifetime experience to see Alaska riding on the ferries, stopping in rural communities, lodging, eating, shopping, giving dollars to local businesses.

I really hope that you can find ways to work with our communities to reduce this budget, I'm sure there are things we can do besides making drastic cuts that will have major impacts to our lives.

I strongly urge you to put funding for our ferries back in the budget!

Janet Berlin Po 1653 Sitka, AK 99835

(907) 747-7831

I've heard that \$12 million for ferries could be cut this week from the state's budget. I'm contacting you to let you know I oppose this cut.

As you know Sitka has poor service as it is. There is a better way than cutting service and that is to use better software to create a schedule that works for more communities. When I moved here in 1979 and for a number of years after that, I was able to use ferries to travel around Southeast. Since sometime in the '80s the schedule has gotten worse and worse. With a schedule that worked, I am sure that ridership throughout the region would increase significantly and we would not have to do this. Cutting service hurts SE and its economy as well as the convenience of travel.

I do understand the need to have many budget cuts this year because of oil revenue, but improving the schedule of the ferry service would be a better economic move. I would use the ferry exclusively with a workable schedule.

I hope that next year we will see an income tax to keep all that money from seasonal workers and folks who live out of state but work here contribute to our needs as well as having Alaskans pay their share according to their income. I know that is not a total fix either. it will take many measures and creativity to get back on track financially.

Thank you for listening to my concerns.

Marian Allen 617 Katlian, B-12 Sitka, AK 99835

I've heard that \$12 million for ferries could be cut this week from the state's budget. I'm contacting you to let you know I oppose this cut.

My family and community rely on ferry service and I can't imagine the impact it could have to lose service even more. If anything, please increase our ferry service, it's our only affordable way to travel in many communities.

Our coastal communities supply the state with an economically powerful fishing industry, we need reliable transportation in order to keep our family fishing and other businesses stable.

Please restore funding for ferries.

Mona Evan 101 Canadian Side Kake, AK 99830

Please don't cut our ferry budget - we depend on the Alaska Marine Highway Service for travel. It's a lifeline for our rural, coastal communities.

Living in Wrangell means that I depend on the ferry system to travel to visit my friends and family and occasionally for my job. Often time flying is much too expensive for us.

Further, the ferries bring in much needed tourists to Wrangell during the summer. We do not get the big Cruise boats that Juneau, and Ketchikan get. But we do get a lot of folks who travel on the Marine Highway during the summer who stop in Wrangell and come visit front street, see our tribal house and dancing.

I think cutting ferries would have a severely negative impact on our already struggling SE communities. Please do not cut the ferry budget!

Hannah Etengoff PO Box 611 Wrangell, AK 99929

Please restore funding for scheduled Alaska Marine Highway Service. I understand that all departments are facing cuts, but these sudden and drastic changes during Alaska's peak travel season will send unnecessary shockwaves through our communities.

Our communities rely on Alaska Marine Highway Service for basic transportation, for bringing in tourism dollars, for small business travel, for visiting family and more. Canceling scheduled runs starting in July could hurt our local economy more than it helps.

I urge the legislature to proceed with a more gradual and planned approach to reducing the AMHS budget, and to find efficiencies that can reduce the impact on our local and state economy.

In addition to the impact on our economy, it will affect access to services for me personally as it is very difficult to travel via small plane with my service dog.

Marcia Adams PO Box 221 Kake, AK 99830

Dear Senator Sedman,

I met you in Thorne Bay at the Logging Fair many years ago when you were first running for office. I understand you have to make tough cuts this year, but please don't let our ferries be one of them. They are too important to our lives and livelihoods on Alaska's coast, and we can't afford to lose their service.

Please look for ways to make operations more efficient and cost effective before taking away our ferry service. Daily service with a schedule that works for all the communities and the local families. Our students, families and communities depend on reliable Alaska Marine Highway Service.

Vic Merritt POB 332 Craig, AK 99921

Please don't cut our ferry budget - we depend on the Alaska Marine Highway Service for travel. It's a lifeline for our rural, coastal communities.

I hope that you can find ways to work with our communities to reduce this budget, I'm sure there are things we can do besides making drastic cuts that will have major impacts to our lives.

I strongly urge you to put funding for our ferries back in the budget!

Arthur Cook 6D Harris River Road West,Hollis PO Box 230 Klawock, AK 99925

I've heard that \$12 million for ferries could be cut this week from the state's budget. I'm contacting you to let you know I oppose this cut.

My family and community rely on ferry service and I can't imagine the impact it could have to lose service even more. If anything, please increase our ferry service, it's our only affordable way to travel in many communities.

Our coastal communities supply the state with an economically powerful fishing industry, we need reliable transportation in order to keep our family fishing and other businesses stable.

Please restore funding for ferries.

Senator Stedman,

Please restore funding for scheduled Alaska Marine Highway Service. I understand that cuts need to be made but would encourage a more thoughtful and measured approach to find efficiencies and reduce costs to run the ferry system while impacting southeast residents and businesses less severely and abruptly.

The ferry system is the lifeline for Tenakee Springs and other isolated rural communities in Southeast. It provides the only reliable and affordable means to travel to larger "hub" communities for needed services including medical. Some residents also need to travel to Juneau to work. Supplies for our homes, community and local business are brought in on the ferry. We probably made 20 round trip from Juneau to Tenakee last year. We certainly would need to re-evaluate where we live if dependable year-round transportation were not available. Tenakee, like all other small rural communities, is struggling. Drastic and immediate reduction ferry service will be a real blow to everyone who lives, tries to work or run a business there.

Thanks for your support.

Arthur Cook 6D Harris River Road West,Hollis PO Box 230 Klawock, AK 99925

To Whom it May Concern,

My family is very concerned about the budget cuts being proposed for AMHS. My grandmother, Jeanne Lindley, is a retired AMHS Employee who is strongly against these proposed changes.

Please don't cut our ferry budget - we depend on the Alaska Marine Highway Service for travel. It's a lifeline for our rural, coastal communities. Without the ferry system, inter-Alaskan travel will be monopolized by the already over-priced Alaska Airlines. Travel will be less convenient and cease to exist as an option for many Alaskans.

I hope that you can find ways to work with our communities to reduce this budget, I'm sure there are things we can do besides making drastic cuts that will have major impacts to our lives.

I strongly urge you to put funding for our ferries back in the budget! We need our ferries!!

Britany Lindley 209 Grief Street Wrangell, AK 99929

To Whom It May Concern,

My name is Jeanne Lindley and I am a retired Alaska Marine Highway System employee. AMHS has always been an Alaskan friendly service. AMHS has been the most utilized resource for inter-Alaskan travel since voters approved \$18 million bond package to AMHS for improvements in 1959.

AMHS has competitive pricing and comfortable accommodations that are preferred by our School districts, our elderly, our families and our visitors. School districts rely on AMHS for academic, athletic and extracurricular travel. The elderly depend on AMHS for medical travel and visiting family. Alaskan families utilize AMHS for the adventurous lure it gives our children, medical travel and family reunions. Visitors utilize AMHS to travel through rural-Alaska, bringing the tourism industry and it's financial benefits to communities that otherwise wouldn't have any tourist activity.

Please don't cut our ferry budget - we depend on the Alaska Marine Highway Service for travel. It's a lifeline for our rural, coastal communities.

I hope that you can find ways to work with our communities to reduce this budget, I'm sure there are things we can do besides making drastic cuts that will have major impacts to our lives.

I strongly urge you to put funding for our ferries back in the budget!

Jeanne Lindley 209 Greif Street Wrangell, AK 99929

1(907)254-3409

To Whom It May Concern,

At Alaska Waters Inc., we think that the ferry system should be upgraded, old ferries replaced, and a permanent fund established to fund the ferry system into the future. We believe that small communities should be served equally as well as large communities. Small communities cannot grow if Ketchikan and Juneau get all the ferries. There needs to be at least 5 days a week service to all communities. Wrangell's emerging travel industry is shackled and kept from reaching its potential because of the inconsistent ferry service. We lose a lot of business because it's so difficult to get into and out of Wrangell. A link with Petersburg would help. A floating dock system at Banana Point with scheduled bus service would go a long way to making this work better. PSG gets daily ferry service to JNU with the fast ferry, Fairweather. I have lobbied for these things for twenty years. Approached Senator Bert Stedman regarding these opinions. He is a fan. Approached RAC and wrote a proposal ..... twice with no success. Most of the RAC money goes to PSG projects. I met with Peggy Wilson and had lengthy discussions. She was not effective enough to get this done. Our new representative from KTN, Dan Ortiz, has his heart in the right place, but he's a freshman representative so it will take a while for him to get traction in Juneau.

Bottom line is that there aren't enough votes in SE Alaska to carry the water for good, sustainable ferry service. We have not had effective legislators other than Bert to make the case and tip the scales toward our fair share of transportation access. It always comes down to cost per resident which is BS. Ferry service is our highway system and the state won't put the money into SE Alaska to make this viable. In the future we'll get less, not more service. The money to build new ferries is being put on hold. Our fleet is worn out. The prognosis is not good. If this shuttle service, Rainforest something or other, that is supposed to be coming on-line succeeds it will help. I'm not holding my breath on that. I'm quite discouraged after so many years of trying to gain equity for SE Alaska. Now, with the budget shortfall of \$3.5 billion, there is not much hope for an expanded or improved system. They are cutting schedules. Wrangell will not do well in the shakeup. Hopefully the state will not hurt Wrangell's summer schedule too much but I wouldn't hold my breath on that either.

Please restore funding for scheduled Alaska Marine Highway Service. I understand that all departments are facing cuts, but these sudden and drastic changes during Alaska's peak travel season will send unnecessary shockwaves through our communities.

Our communities rely on Alaska Marine Highway Service for basic transportation, for bringing in tourism dollars, for small business travel, for visiting family and more. Canceling scheduled runs starting in July could hurt our local economy more than it helps.

I urge the legislature to proceed with a more gradual and planned approach for reducing the AMHS budget, and to find efficiencies that can reduce the impact on our local and state economy.

I've heard that \$12 million for ferries could be cut this week from the state's budget. I'm contacting you to let you know I oppose this cut.

My family and community rely on ferry service and I can't imagine the impact it could have to lose service even more. If anything, please increase our ferry service, it's our only affordable way to travel in many communities.

Our coastal communities supply the state with an economically powerful fishing industry, we need reliable transportation in order to keep our family fishing and other businesses stable.

And the econmic in pack off of tourism for our cummunitiy's which a lot of business'es rely on. With out knowing what the cost of the boats, but just from Wrangell to Washington state, you could loose \$25 million, the budget only needs \$12 million. but as i said, i don't know what your "cost" to operate. But as a business owner, loosing or cutting back on the ferry system is like one shooting oneself in the foot. BAD Move Please restore funding for ferries.

Jerry Larson C-16 shoemaker Wrangell, AK 99929

Please don't cut our ferry budget - we depend on the Alaska Marine Highway Service for travel. It's a lifeline for our rural, coastal communities.

I hope that you can find ways to work with our communities to reduce this budget, I'm sure there are things we can do besides making drastic cuts that will have major impacts to our lives.

I strongly urge you to put funding for our ferries back in the budget!

I am VERY concerned about cutting the Marine Highway budget for this summer. I understand we need to make cuts but if this summers sailings are changed it will be devastating to our Wrangell economy. Wrangell has a thriving independent visitor industry. We do not have much of a cruise ship visitor industry. Many of our visitors arrive here by ferry. our hotels, B&Bs and tours are now booked with people already booked on this summers sailings. We have very limited access to our town and are past the booking season so rebooking would be impossible at this late date. many visitors to Wrangell come for opportunities like Anan wildlife Observatory which is a lottery drawn permit, they can not reschedule their activities! I would rather see cuts to next seasons sailings than stop currently booked passengers. the trickle down effect would destroy many livelihoods' in this town.

thank you for your careful consideration of this issue Brenda Schwartz-Yeager

Dear Harriet and Berta:

I've had some of the most memorable experiences traveling outside of Anchorage and discovering Alaska by taking the ferry. I support restoring funding for scheduled Alaska Marine Highway Service. I understand that all departments are facing cuts, but these sudden and drastic changes during Alaska's peak travel season will send unnecessary shockwaves through our communities.

Each time I host a visitor from the Lower 48, I look for ways to travel part of the journey via ferry. WHAT a service! It's unique, and convenient.

Our communities also rely on Alaska Marine Highway Service for basic transportation, for bringing in tourism dollars (as mentioned), for small business travel, for visiting family and more. Canceling scheduled runs starting in July could hurt our local economy more than it helps.

I urge the legislature to proceed with a more gradual and planned approach for reducing the AMHS budget, and to find efficiencies that can reduce the impact on our local and state economy.

The Ferry Service as we have it now. It is nearly useless to travel to Juneau or Petersburg from Kake. It would be better to have service every two weeks or once a month and have it be a useable service than to have it piecemeal the eay it is now. We need A trip to Juneau that is short with a 2 day layover and a return straight from Juneau. No twenty five hours each way. Petersburg is useless also we need a trip to Ptersburg on a friday night with a return on Sunday night or Monday morning. Time to shop in Petersburg then back home.
