## FISCAL NOTE ANALYSIS

STATE OF ALASKA  
2017 LEGISLATIVE SESSION

BILL NO. CSSB 6

### Analysis

This bill allows for the regulation and production of industrial hemp in Alaska.

The Department of Natural Resources (DNR), Division of Agriculture will adopt regulations and manage associated registrations through existing staff. The registration fee structure will be created that approximately equals the regulatory costs incurred by DNR.

The cost of administering the registration program will be determined after regulations are drafted. Those costs will be recovered by approximately 25 farms the department anticipates to register in the first year. Additionally, the department anticipates a 10 percent growth of interest from the Agricultural community each year after.
