FISCAL NOTE ANALYSIS

STATE OF ALASKA
2017 LEGISLATIVE SESSION

BILL NO. HB 131

Analysis

HB 131 brings the state into compliance with federal law, ensuring Alaskan families, business, and farms that relocated due to a federally-funded project on their land are compensated to the maximum amount possible. This bill increases the amount of compensation that can be paid to an individual. The increased relocation costs will be absorbed within existing capital program funding, therefore the department is submitting a zero fiscal note.
