

SB 34 Driver's Licenses and ID Cards and REAL ID Act

Presented by
Commissioner Sheldon Fisher
Deputy Commissioner Leslie Ridle
DMV Director Marla Thompson

Federal REAL ID Act

- **REAL ID** covers all 50 states, 5 territories and Washington, D.C.
- Establishes minimum requirements for secure issuance and production of state-issued driver licenses and IDs:
 - Requires states to verify a person's identity & lawful status
 - Requires special card design features like digital photo, signature, unique card number
 - Requires safeguards for issuance & production of licenses; i.e. clearly marking temporary, limited, or otherwise non-compliant licenses as "Not for Federal Identification"
- 26 states currently offer REAL ID compliant cards
- 19 states including Alaska have extensions allowing continued issuance and production of non-compliant cards
- States that are non-compliant – WA, MN, MO, ME, MT
 - Minnesota & Washington do have Enhanced IDs (chip cards) which are approved for REAL ID Compliant and TSA.
 - Washington, Minnesota have current bills in 2017 for compliance

SB 34 Driver's License, State IDs, REAL ID ACT

What Bill Does

- Allows DMV to offer Alaskans a choice between a REAL ID compliant driver's license or ID, or a "standard" noncompliant license or ID
- Gives DMV authority and funding to upgrade systems, equipment and processes for REAL ID/DL card production
- Allows DMV to charge additional \$5 fee for REAL ID licenses and IDs to cover increased cost of production

Why Bill is Needed

- AS 44.99.040 (a)(2) prohibits DMV from spending state funds to comply with REAL ID Act
- Without compliant ID, Alaskans will need another form of federal ID for TSA security screenings or to gain access to military bases and secure-entrance federal buildings
- REAL ID Act was designed to decrease fraud and ensure that states are checking the validity of documents presented with applications

What Will Change

- Alaska DMV will take a photo at time of application and store that image in Alaska
- DMV will now validate birth certificate or passport if provided by applicant
- REAL ID/DL cards will have unique design or color indicator to clearly distinguish from noncompliant cards
- Noncompliant cards will state "Not for Federal Identification"
- DL & ID's will now be valid for 8 years instead of 5

What Won't Change

- DMV will still require the primary document, secondary document and proof of Alaska residency for compliant and noncompliant cards
- DMV will continue to background check employees
- DMV will continue to use a secure facility to produce compliant and noncompliant cards

What is AAMVA

- The American Association of Motor Vehicle Administrators (AAMVA) is a tax-exempt, nonprofit organization developing model programs in motor vehicle administration, law enforcement and highway safety. The association also serves as an information clearinghouse in these areas, and acts as the international spokesman for these interests.
- Founded in 1933, AAMVA represents the state and provincial officials in the United States and Canada who administer and enforce motor vehicle laws. AAMVA's programs encourage uniformity and reciprocity among the states and provinces. The association also serves as a liaison with other levels of government and the private sector. Its development and research activities provide guidelines for more effective public service. AAMVA's membership includes associations, organizations and businesses that share an interest in the association's goals.
- AAMVA helps facilitate communication and workflow between states in regards to licenses as well as law enforcement.
