Sectional Analysis

House Bill 114

An Act relating to boiler and unfired pressure vessel inspection reports and fees.

Section 1 Reduces the time allowed to submit boiler and pressure vessel inspection reports from the current 30 days following an inspection to 15 days.

Section 2 Adds a new subsection directing reports to be filed online via the department's electronic inspection report system or pay a \$10 fee for filing reports on non-electronic forms. Also specifies that filing fees shall be deposited in the building safety account.

Section 3 Clarifies that the filing fee charged in Section 2 of this bill is separate from any inspection fee that may be charged under AS 18.60.360 Inspection fees.

Section 4 Amends the Definition of program receipts and non-general fund program receipts AS 37.05.146(c)(53) to specify that boiler/pressure vessel inspection report filing fees shall be deposited in the building safety account.

Section 5 Establishes that this Act applies to inspections begun on or after the effective date of this Act.
