I really love using this website to help me with my homework. Very helpful. I sometimes don't understand when my teacher explains this stuff to us, so when I get a tutor online they explain this stuff well. to the point where I can understand. Thanks! :) Rate:5 stars ;) (Alaska ISP IP Range)	12th

Although this is minor, I've found that when I'm using the drawing board, the tutor tends to scroll down if they feel I need the extra space to continue writing. I find this often causes me to either lose my place or not have visibility of the work above that I might have been going off of. It also causes me to draw a big line down the drawing board if it is moved while I'm in the process of writing. Again, this is a minor issue but just something to keep in mind when a student is writing. Otherwise, this service has helped me on many different occasions and assisted me in my late night homework problems. I really appreciate this service being accessible to me as it has most definitely improved, not only my understanding of the material I may be struggling with, but in turn improving my grades. Thanks, you guys are heroes. (Alaska ISP IP Range)	12th
