FISCAL NOTE ANALYSIS

STATE OF ALASKA  
2017 LEGISLATIVE SESSION

BILL NO. SB 37

Analysis

SB 37 proposes to give authority to the Board of Pharmacy to license and inspect out-of-state wholesale drug distributors and outsourcing facilities. Current statutes allow licensing of in-state wholesale distributors only. In November 2013, Federal law was enacted under the Drug Supply Chain Security Act (DSCSA) requiring regulations for licensing of wholesale drug distributors within two years after the date of enactment. The bill further authorizes the board to establish the qualifications and duties of an executive administrator to assist the board in complying with the new Federal regulations. Alaska currently is one of two states that do not license out-of-state wholesale distributors.

This bill will specifically change the Board of Pharmacy licensing program by increasing the number of applications received and processed by division staff. Additional staff will be necessary to implement the additional licensing of out-of-state wholesale distributors and outsourcing facilities. There is no expected impact on the public or private sectors in the state as the licensing will impact entities outside the State of Alaska.

The board will need to implement new regulations for the licensing and inspection of the facilities, with a time frame of nine to twelve months. The new Federal regulations are extensive, requiring research by board staff to ensure regulations meet the Federal requirements.

If the bill passes the following expenses will be incurred:

- Personal Services: \$136.5 (one permanent full time executive administrator, range 23)
- Travel: \$6.0 (one executive administrator to attend four board meetings per year)
- Services: \$16.7 (legal costs to amend regulations, printing, and postage in the first year)  
\$15.0 (statewide core services RSAs: Human Resources, financial support, mail, software licenses, and department support costs)
- Commodities: \$10.0 (computer, office furniture, and other one-time needs in the first year)

Professional licensing programs within the Division of Corporations, Business and Professional Licensing are funded by Receipt Supported Services, fund source 1156 Rcpt Svcs (DGF). Licensing fees for each occupation are set per AS 08.01.065 so the total amount of revenue collected approximately equals the occupation's actual regulatory costs.
