FISCAL NOTE ANALYSIS

**STATE OF ALASKA

BILL NO. HB159

Analysis

HB 159 addresses the opioid epidemic by improving effective use of the prescription drug monitoring database. The bill influences judicious prescribing of opioids by limiting initial prescriptions and requiring providers to receive minimum training in substance abuse and pain management. This bill also creates a revocable, confidential Voluntary Nonopioid Directive that allows someone in recovery to make clear the person's wishes not to be administered an opioid.

The Department of Health and Social Services would be tasked with implementing the Voluntary Nonopioid Directive Act, establishing regulations, and creating the directive form. A person would provide this confidential information to a health care provider or hospital on a form posted on the Department of Health of Social Services' website. No additional appropriation would be required. This is a zero fiscal note.
