FISCAL NOTE ANALYSIS

STATE OF ALASKA
2017 LEGISLATIVE SESSION

BILL NO. HB 177

Analysis

This proposal requires that to the extent possible, the commissioner of the Department of Transportation & Public Facilities shall ensure that a person who purchases a ticket for vehicle deck space on a ferry for the purpose of transporting a vessel into the state is provided with any information relating to aquatic invasive species that has been published in pamphlet form by the Department of Natural Resources or the Department of Fish and Game.

Since this informational pamphlet will be supplied to the Alaska Marine Highway System by the Department of Natural Resources or the Department of Fish and Game, there is no publication cost to the Department of Transportation & Public Facilities. Additionally, this proposal creates no fiscal impact since distribution of this pamphlet can be accomplished with existing marine shore operations staff.

Therefore a zero fiscal note is submitted.
