FISCAL NOTE ANALYSIS

STATE OF ALASKA
2017 LEGISLATIVE SESSION

BILL NO. HB 177

Analysis

This legislation would provide statutory authority and guidance to the Alaska Department of Fish and Game regarding response to and control of incipient populations of aquatic invasive species, and establishes an aquatic invasive species response fund to pay for aquatic invasive species response efforts. The bill also requires the Alaska Department of Natural Resources or the Alaska Department of Fish and Game to publish an informational pamphlet regarding aquatic invasive species that would be provided to any person that was transporting a vessel into the state by ferry. The estimated cost for design, layout, and printing of the pamphlet is \$5.0 per year.
