

## **Representative Jennifer Johnston Sponsor Statement**

### **House Bill 197 Sectional**

*This sectional is only a summary of the bill and should not be treated as a substitute for the bill.*

Section 1: Amends the duties of the Commissioner of Natural Resources to include development and regulation of noncommercial seed use in community seed libraries.

Section 2&3: Adds subsection (b) to AS 03.05.030 to allow an exemption for seed libraries from regulations governing commercial seeds as long as they comply with AS 03.20.110 and do not violate regulations that pertain to patented use without permission, be misrepresented in classification or be prohibited by the department as a noxious (harmful) seed.

Section 4: Adds new section 03.20.110 providing guidelines for seed libraries; an individual can establish a community seed library, that allows for 100 grams seed sharing, packaging must be labeled with variety, seller's name and address, year of packaging and the weight of the contents, and must include a disclaimer statement state. This section also directs the department to create a seed register for publication online.

Section 5: Change to include language about community seed libraries to statute regulating plant materials centers already in existence within the University of Alaska system.

Section 6: Amends AS 44.37.0303 to include community seed libraries in the information that the department must publish online and in print.

Section 7: Amended to include a subsection that allows the Department of Natural Resources to advise people interested in starting a community seed library on best practices and to submit information about their library without a fee.
