**Honorable John Coghill Chairman
Senate Judiciary Committee
Alaska State Legislature
Juneau, Alaska**

Subj: Attorney Jahna Lindemuth

Dear Senator John Coghill

I write you with a sense of hope and urgency that you will correct the terrible miscarriage of justice, described below, supported by my attached sworn affidavit dated 30 December 2015. I request and urge you NOT to confirm attorney Jahna Lindemuth as Alaska's Attorney General. Myself and other Native shareholder have been duly victimized by Alaska's purported "justice" system with regard to the administration and promulgation of the discriminatory segregation ANCSA law, by attorney Lindemuth. I have spent my entire savings defending myself against the Leisnoi managements represented by attorney Lindemuth and her law firm.

The Alaska Bar Association, The State of Alaska Banking and Securities Division with its racist and discriminatory State regulation 3 AAC 08.315 False or Misleading Statements, the lopsided Alaska Judicial Council, dominated by attorneys, are derelict in their judicial and public service duties and responsibilities toward Alaska Native ANCSA shareholders when complaints against corporate management personnel, corporate attorneys and State Superior court judges are filed against them.

Attorney Lindemuth, whom was nominated to be Alaska's Attorney General by Governor Bill Walker must not be confirmed as the State of Alaska's Attorney General

My attached sworn affidavit dated 12-30-15 along with my referenced supporting attachments substantiate and prove beyond a shadow of doubt she is complicit, dishonest and has colluded with Superior Court Judge Frank Pffifner and her shareholder clients in a hostile takeover of a Native Village corporation, Leisnoi Inc. Additionally she used her office as an attorney and her political connections to purposely and knowingly financially destroy Pagano family and others. The court records and the Banking and Security Division files substantiate and confirm my claim.

Attorney Lindemuth on 12 October 2011 five (5) days after Superior Court Judge Frank Pffifner violated the judicial rules and the ANCSA law by wrongfully and purposely awarding the Leisnoi Inc Village corporation to Attorney Lindemuth and her clients

She urged and recommended to the illegal Leisnoi board to take away my indemnification, which State law and Leisnoi By-laws provides for corporate directors Lindemuth knew that this recommendation was in violation of the law. She conspired and colluded with the superior court judge Frank Pfiffner to destroy my credibiolity with the Leisnoi and Koniag shareholders she also colluded with A-1 timber and his attorney in a lawsuit which A-1 timber had filed against us the emails which superior court Judge Easter had placed under seal confirms my claim.

The following is one of the emails that was placed under seal by Superior Court Judge Katherine Easter, this email was circulated to attorney Lindemuth clients on 4 October 2011 three (3) days prior to the official scheduled hearing on 7 October 2011 this is undisputable proof that collusion existed between superior court Judge Pfiffner and attorney Lindemuth

No Worries! We are getting g control. only question is whether he does it as prilliminary relief and gives them a short period for discovery (to bullet proof any appeal), or whether he'll outright grant summary judgement now I give us 80/20 odds in favor of winning it outright now-with no more discovery on false and misleading issues."

The Above statement made by attorney Demarest associate of attorney lindemuth cannot and must not be ignored. My family and I were intentionally targeted railroaed and marginalized by attorney Lindemuth and the above named judges

Sincerely:
