The Cost of the Census

Goals for the 2020 Census

- Maintain Quality
- Reduce Costs
- 4 Areas of Innovation
 - Efficiency in Building an Address List
 - Easier Ways to Respond
 - Better Use of Information We Already Have
 - More Efficient Field Operations

Three Main Reasons We Miss People

1. We don't have an address
 - We can't send a form
 - If we get a response, we can't "match" them to the ground
2. We can't get a response
 - We have an address, but we can't determine occupancy
3. We get a partial response
 - Children
 - Multiple Families
 - Unrelated individuals

2020 Census Local Update of Census Addresses (LUCA)

- Voluntary geographic partnership operation
- Once a decade opportunity to review and update the Census Bureau's Address List for residential addresses
- Authorized by the [Census Address List Improvement Act of 1994 \(Public Law 103-430\)](#)

Who Can Participate in LUCA

- States
- Organized Boroughs
- Incorporated places (Cities, towns)
- Federally recognized tribes with a reservation or off-reservation trust land
- Alaska Native Regional Associations

Confidentiality and Security

- **The information provided to/from LUCA is covered under Title 13 of the United States Code which:**
 - Requires the Census Bureau to ensure confidential treatment of census-related information, including individual addresses and map structure points
 - Requires that all liaisons, reviewers, and anyone with access to Title 13 materials abide by Confidentiality and Security Guidelines
 - Requires the Census Bureau maintain the confidentiality of all information it collects
