	Credits towards degree will transfer to special education licensure program (K-12)	Need to contact UAS special education program lead	Transfer students will have to switch to regular Special Ed licensure program (K-12)	Susan Andrews smandrews2@alaska.edu

Additional UAF transfer notes:

- Fieldwork/internship for all programs can be completed in Anchorage/Mat-Su or any other area in Alaska.
- UAF application fee is currently being waived.
- Residency requirement of 15 UAF credits can be waived through petition for students in their final semester of preparation.
- Most UAF programs carry a supervision fee for students in their internship/final year or semester of preparation. Fee is ~\$400 per semester.
- Students who are not in their final semester of preparation: The decision to transfer does not need to be made immediately, as the courses you take this semester will be valid and will count towards a UA degree in the future.
- Asynchronous (on-line) special ed licensure program is really a blended program and includes meetings as a class and in some cases small groups several times during the semester.

Additional UAS transfer notes:

- Fieldwork/internship for all programs can be completed in Anchorage/Mat-Su or any other area in Alaska.
- UAS application fee is currently being waived.
- Residency requirement of UAS credits can be waived through petition for students in their final semester of preparation.
- Most UAS programs carry a supervision fee for students in their internship/final year or semester of preparation.
- Students who are not in their final semester of preparation: The decision to transfer does not need to be made immediately, as the courses you take this semester will be valid and will count towards a UA degree in the future.
- Students in their last semester submit a comprehensive portfolio of their work.
