Senate Resource Committee members – I am writing to provide you with corrected written testimony, attached, following my oral testimony yesterday on SJR7. I commend Senator Reinbold for asking me for my source document on Alaska resident/non-resident oil industry employment since my single sentence on that point – based on near-final work done by a contractor – was in error.

It's important to me and my organization that we provide only correct information in our testimony and for the record, and to the Bureau of Land Management and other federal agencies. We are committed to ensuring the rigor and accuracy of all the information we produce.

Thank you for your understanding.

Best,
Lois Epstein
