This increase supports the portion of OIT salary adjustments, agreed to through the GGU and SU contract negotiations, that will be billed to executive branch agencies. Agencies pay the billable rates to OIT through a variety of fund sources, this increment has been adjusted down to remove the portion of rates that will be paid through non-general fund sources.				
3	Administrative Services	Transfer Administrative Services Director to OMB per AO 302	Atrout	-	-	-1
		Transfer Administrative Services Director located in Juneau to the Office of the Governor, Office of Management and Budget (OMB). 6	Community & Regional Affairs	RSA to DMV for Continued Visitor Center Support in Tok	Trin	21.0	1004 Gen Fund	-
		The Division's Tok office serves as the Alaska Public Lands Information Center (APLIC), the local Division of Motor Vehicles (DMV) office, and the Tok visitor center as required by AS 44.33.120(b)(7). This office caters to visitors driving in eastern Alaska and into the Yukon, offering maps, brochures, and destination information about Alaska. In FY2017, the department reduced the Tok office from two full-time positions and one seasonal worker to one full-time position. The remaining position, which had historically been shared by the Department of Administration's Division of Motor Vehicles (DMV) and the Division of Economic Development (DED), was transferred to DMV because the position's primary purpose is serving as the Tok DMV office. DED and the DMV agreed to enter into a reimbursable services agreement (RSA) to continue to fund 25% of the remaining position in order to continue to meet the Department of Commerce, Community and Economic Developments (DCCED) statutory requirement. In FY2020, economic development functions will transfer to the Office of the Governor. Funding to continue the contract with the DMV to facilitate a continued DCCED presence in the Tok office will be transferred to the Division of Community and Regional Affairs for administration.

7	Community & Regional Affairs	Transfer Made in Alaska Program from Economic Development	Trin	38.3 128.4	1004 Gen Fund 1108 SDPR	-
		In FY2020, staff from the Economic Development component will transfer to the Office of the Governor. Management of the Made in Alaska program will remain with the Department of Commerce, Community, and Economic Development, but will transfer from the Economic Development component to the Division of Community and Regional Affairs (DCRA). In FY2019, this position was managed by a full-time Development Specialist, Option A. As a result of ongoing application streamlining efforts and the implementation of a digital application process, the time required to manage the program is anticipated to decrease from 85% of one position to 50% of a position. This transfer includes revenue from program registrations and registrant purchase of program materials (stickers, etc.) that are sufficient to cover the cost of the program materials, as well as general funds for staff time for program management.

35	Insurance	Federal Authority for Insurance Market Initiatives in Alaska	Inc	277.0	1002 Fed	-
		The Division of Insurance has received two federal awards in recent years from the Center for Medicaid and Medicare Services (CMS) for projects to strengthen and develop the healthcare marketplace in Alaska. In FY2016, the division received a federal grant focused on developing an external appeals process for health insurance consumers. Federal authorization for that award was appropriated as a multi-year project for FY2017 through FY2019.				
		In FY2019, the division was awarded \$277.0 to support the role of the division in implementation of and planning for selected Federal market reforms and consumer protections.				
		Federal grant opportunities are often issued on a short timeframe; for the most recent award, the grant solicitation was issued in May and grants were awarded in August. The Legislative Budget and Audit approved a Legislative Revised Program for the first year of grant funding on December 13, 2018. This federal authorization will allow the division to continue work on that federal grant in FY2020, and will ensure sufficient authorization is available for grant opportunities in the future.

Statewide Rates and Changes

- Rates charged to DCCED by other departments vary year to year
- Budgetary and programmatic changes in DCCED or the charging department can cause rate changes
 - PCN additions / deletions / vacancies in either agency can result in changes to PCN-driven rates
 - Changes in space needs (consolidated footprint, paperless initiatives, position count changes) can result in changes to space costs
 - Cost savings in DCCED (e.g. reduced footprint) can result in DCCED savings but increased costs to all other agencies as DCCED's portion of statewide payments goes down (e.g. lease administration fee to SSOA)
 - Reductions of UGF or other funding in the charging agency can increase costs to DCCED
- Some rates for FY2019 are still in progress
