Re: Support for Appointment of Corri Feige for Commissioner of the Alaska Dept. of Natural Resources

Dear Chairpersons, Tarr and Lincoln,

Juneau Hydropower, Inc., an Alaskan registered corporation at the forefront of hydropower development and seawater-based district heating would like to register our support for the appointment of Corri Feige for Commissioner to the Alaska Department of Natural Resources.

Commissioner Feige past background has been to help small resource development companies navigate the permitting and regulatory process. She has already brought a strong supportive attitude the Department of Natural Resources that is helpful, advisory and pro Alaskan. We believe her leadership in enabling employees to timely resolve permits is important to the success of ADNR operations. We find that Commissioner is respected by industry, respected by interest groups, trade associations and just as importantly by ADNR employees. We feel that he combination of skills, attitude and experience are important in leading this important State of Alaska Department.

We ask that she be confirmed.

Thank you for your attention to this matter. Should you require any additional information or documentation, please feel free to call me directly at my cell number at 907-723-2481.

Sincerely,

A handwritten signature in black ink, appearing to read "Duff W. Mitchell", with a stylized flourish at the end.

Duff W. Mitchell  
Managing Director
