## FISCAL NOTE ANALYSIS

STATE OF ALASKA  
2019 LEGISLATIVE SESSION

BILL NO. HB 52

### Analysis

This bill increases the charge level and penalties for certain sex offenses and creates new crimes. The bill raises potential prison terms for some sex offenses from a maximum of five to fifteen years' incarceration to a maximum of ninety-nine years of incarceration. This bill eliminates marriage as a defense to certain sex offenses and expands the definition of "sexual contact" creating a new felony.

Cases with increased penalties and higher charging levels require more litigation throughout all stages of litigation, but particularly increase jury trials, contested sentencing hearings, and post-conviction litigation. The Office of Public Advocacy anticipates an increase in workload and increasing costs for the Agency related to the litigation of these cases. The Agency cannot accurately predict the extent of the fiscal impact of this legislation. Therefore, the Office of Public Advocacy submits an indeterminate fiscal note subject to review of estimates from the Department of Law on potential workload increases.
