Dear Chairman Birch and members of Senate Resources Committee,

I am a member of the Alaska Board of Game but I am writing this letter as an Alaska resident.

SUPPORT SB 87 The new wording will be **SHALL**.

I totally support SB 87 and I really don't see anyway to argue against this bill. Fiscal discussions should not be considered with this bill because we are managing a public resource that all Alaska residents own in common.

Sincerely,
Tom Lamal
