I strongly urge you to support SB 92 introduced by Senator David Wilson. This bill pertains to what is needed this year due to the budget cuts and full PFDs with retro presented by governor Dunleavy. I see in the news there is some pushback from some Alaskans about the budget cuts. These are Alaskans that are directly affected by the cuts such as coastal communities using the AMH, students and faculty at the university and local school districts residents at the pioneer homes. Maybe there is a 50%-50% split in Alaskans view of the governors budget proposal. I don't really use any of services the governor is cutting. I would rather see the budget cut to a sustainable amount and receive my full PFD. I could really use that money. I think a lot of Alaskans feel the same way, that is why governor Dunleavy was elected. Then there are the 50% who feel continued full funding of their pet project takes precedence over their PFD. SB 92 satisfies both groups on either side of the issue. Those of us that need our PFD will receive the full amount and those that believe in continuing to fund state services can pick, click and give their PFD to the general fund, the university or their school district. Those Alaskans can put their PFD where their mouth is. Judging by the comments by legislators and the public and some emotional testimony, I estimate the state will receive \$600 million in appropriated PFDs. That goes a long way to closing the budget gap.

Dear Senator Wilson,

I strongly encourage passage of SB92. This is the most common sense bill that I have heard during the 31st Legislature. There is no downside for any Alaskan in this bill, and passage of the bill should be a no-brainer for the Senate to pass. Those that chose to donate any portion of their Permanent Fund dividend based on the traditional formula, shall be free to do so. Those that chose to receive a full dividend based on the traditional formula shall do so. Everybody's happy! Furthermore, all discussion referring to the budget from this point forward, shall be discussed with the estimated income from those many Alaskans that have already testified that they are willing to give up their entire PFD in order to fund State Government. Problem solved!

I'm looking forward to your support on this common sense piece of legislation.

"Great job on SB92 Senator! This email was sent to the entire Senate."

Respectfully,

Good Evening Mr. Wilson,

Thank you for sponsoring this bill! These are the changes I look for, voluntary transactions between Citizen and Government. Hopefully moving forward your bill will inspire your colleagues to shift this state to a free market economy and fair system of Government relationship. You continue to instill pride in my voting choice. This helps to reaffirm the decision I made to purchase my four-plex in Wasilla.

Thank you,
Tom Willard
