Dear House Fisheries Committee,

I'm writing today in support of Governor Dunleavy's nominees to the Board of Fisheries – Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey. As a person who loves to fish in Alaska, it's important to me that the people responsible for managing and allocating fish represent all Alaskans fairly. The Governor's nominees come from diverse backgrounds and have expertise that will serve us all well.

I've heard that Judge Karl Johnstone is facing opposition in Juneau from the commercial-fishing industry. Judge Johnstone served on the Board of Fisheries in the past, where he exhibited a broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska. He demonstrated the leadership and fairness all Board members should be known for. In the words of the 2015 Alaska Legislature, "Mr. Johnstone's record on the Board represents the gold standard of public service."

Mr. Johnstone, in particular, will be a great asset to the Board. His previous experience as a Board member and as chairman of the Board means he'll be able to hit the ground running. His experience as a Superior Court judge gives me confidence that he can look at problems from multiple perspectives and make fair decisions.

Mr. Johnstone did an admirable job during his tenure on the board. He was known to be very approachable and to listen to all user groups. He came very well prepared for every meeting, asked appropriate, pertinent and probing questions, actively built a sound record of decision-making during deliberations and brought a welcome expectation of high performance to the Board process. With his broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska, he demonstrated leadership and fairness as the Board dealt with often contentious conservation and allocation issues.

All the nominees are hard-working Alaskans, and each of them has experience in Alaska's diverse fisheries. I look forward to the balanced and thoughtful perspectives they'll bring to Alaska's fisheries management.

Thank you for your hard work and dedication to Alaska. Please join me in supporting the nominees to the Board of Fisheries, and cast your vote to confirm Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey.

Sincerely,
Dennis Meier

Matt Gruening

He demonstrated the leadership and fairness all Board members should be known for. In the words of the 2015 Alaska Legislature, "Mr. Johnstone's record on the Board represents the gold standard of public service."

Mr. Johnstone, in particular, will be a great asset to the Board. His previous experience as a Board member and as chairman of the Board means he'll be able to hit the ground running. His experience as a Superior Court judge gives me confidence that he can look at problems from multiple perspectives and make fair decisions.

Mr. Johnstone did an admirable job during his tenure on the board. He was known to be very approachable and to listen to all user groups. He came very well prepared for every meeting, asked appropriate, pertinent and probing questions, actively built a sound record of decision-making during deliberations and brought a welcome expectation of high performance to the Board process. With his broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska, he demonstrated leadership and fairness as the Board dealt with often contentious conservation and allocation issues.

All the nominees are hard-working Alaskans, and each of them has experience in Alaska's diverse fisheries. I look forward to the balanced and thoughtful perspectives they'll bring to Alaska's fisheries management.

Thank you for your hard work and dedication to Alaska. Please join me in supporting the nominees to the Board of Fisheries, and cast your vote to confirm Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey.

Sincerely,
Christopher Hashiguchi

Dear House Fisheries Committee,

I'm writing today in support of Governor Dunleavy's nominees to the Board of Fisheries – Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey. As a person who loves to fish in Alaska, it's important to me that the people responsible for managing and allocating fish represent all Alaskans fairly. The Governor's nominees come from diverse backgrounds and have expertise that will serve us all well.

I look forward to the fair, balanced and environmentally sound perspectives that Judge Karl Johnstone along with these hard-working nominees will bring to Alaska's fisheries management. Judge Johnstone will be a great asset to the Board. His previous experience as a Board member and as chairman of the Board means he'll be able to hit the ground running as an advocate for commercial and recreational sport fishing industries. His experience as a Superior Court judge gives me confidence that he can look at problems from multiple perspectives and make fair decisions.

Thank you for your hard work and dedication to Alaska. Please join me in supporting the nominees to the Board of Fisheries, and cast your vote to confirm Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey.

Sincerely,
Nadra Angerman

Mr. Johnstone, in particular, will be a great asset to the Board. His previous experience as a Board member and as chairman of the Board means he'll be able to hit the ground running. His experience as a Superior Court judge gives me confidence that he can look at problems from multiple perspectives and make fair decisions.

Mr. Johnstone did an admirable job during his tenure on the board. He was known to be very approachable and to listen to all user groups. He came very well prepared for every meeting, asked appropriate, pertinent and probing questions, actively built a sound record of decision-making during deliberations and brought a welcome expectation of high performance to the Board process. With his broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska, he demonstrated leadership and fairness as the Board dealt with often contentious conservation and allocation issues.

All the nominees are hard-working Alaskans, and each of them has experience in Alaska's diverse fisheries. I look forward to the balanced and thoughtful perspectives they'll bring to Alaska's fisheries management.

Thank you for your hard work and dedication to Alaska. Please join me in supporting the nominees to the Board of Fisheries, and cast your vote to confirm Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey.

Sincerely,
Barbara Beach

Matt Gruening

Dear Louise Stutes,

I'm writing today in support of Governor Dunleavy's nominees to the Board of Fisheries – Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey. As a person who loves to fish in Alaska, it's important to me that the people responsible for managing and allocating fish represent all Alaskans fairly. The Governor's nominees come from diverse backgrounds and have expertise that will serve us all well.

I've heard that Judge Karl Johnstone is facing opposition in Juneau from the commercial-fishing industry. Judge Johnstone served on the Board of Fisheries in the past, where he exhibited a broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska. He demonstrated the leadership and fairness all Board members should be known for. In the words of the 2015 Alaska Legislature, "Mr. Johnstone's record on the Board represents the gold standard of public service."

Mr. Johnstone, in particular, will be a great asset to the Board. His previous experience as a Board member and as chairman of the Board means he'll be able to hit the ground running. His experience as a Superior Court judge gives me confidence that he can look at problems from multiple perspectives and make fair decisions.

The Governor's nominees come from diverse backgrounds and have expertise that will serve us all well.

I've heard that Judge Karl Johnstone is facing opposition in Juneau from the commercial-fishing industry. Judge Johnstone served on the Board of Fisheries in the past, where he exhibited a broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska. He demonstrated the leadership and fairness all Board members should be known for. In the words of the 2015 Alaska Legislature, "Mr. Johnstone's record on the Board represents the gold standard of public service."

Mr. Johnstone, in particular, will be a great asset to the Board. His previous experience as a Board member and as chairman of the Board means he'll be able to hit the ground running. His experience as a Superior Court judge gives me confidence that he can look at problems from multiple perspectives and make fair decisions.

Mr. Johnstone did an admirable job during his tenure on the board. He was known to be very approachable and to listen to all user groups. He came very well prepared for every meeting, asked appropriate, pertinent and probing questions, actively built a sound record of decision-making during deliberations and brought a welcome expectation of high performance to the Board process. With his broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska, he demonstrated leadership and fairness as the Board dealt with often contentious conservation and allocation issues.

All the nominees are hard-working Alaskans, and each of them has experience in Alaska's diverse fisheries. I look forward to the balanced and thoughtful perspectives they'll bring to Alaska's fisheries management.

Thank you for your hard work and dedication to Alaska. Please join me in supporting the nominees to the Board of Fisheries, and cast your vote to confirm Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey.

Sincerely,
Adam Wuertz

Dear House Fisheries Committee,

I'm writing today in support of Governor Dunleavy's nominees to the Board of Fisheries – Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey. As a person who loves to fish in Alaska, it's important to me that the people responsible for managing and allocating fish represent all Alaskans fairly. The Governor's nominees come from diverse backgrounds and have expertise that will serve us all well.

His experience as a Superior Court judge gives me confidence that he can look at problems from multiple perspectives and make fair decisions.

I believe the Board of Fisheries has been dominated by commercial fisherman, especially when it comes to protecting the Cook Inlet Fishery. The economic livelihood of untold Alaskans has been put aside to prioritize the economic advancement of relatively few commercial fisherman, many of which are not residents of Alaska. In addition, many Alaskans cannot enjoy the fishing and outdoor activities associated with it due to the biased management of the Cook Inlet fishery. Please don't cave in to commercial fishing interests and lobbyists.

Thank you for your hard work and dedication to Alaska. Please join me in supporting the nominees to the Board of Fisheries, and cast your vote to confirm Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey.

Sincerely,
david burlingame

His experience as a Superior Court judge gives me confidence that he can look at problems from multiple perspectives and make fair decisions.

Mr. Johnstone did an admirable job during his tenure on the board. He was known to be very approachable and to listen to all user groups. He came very well prepared for every meeting, asked appropriate, pertinent and probing questions, actively built a sound record of decision-making during deliberations and brought a welcome expectation of high performance to the Board process. With his broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska, he demonstrated leadership and fairness as the Board dealt with often contentious conservation and allocation issues.

All the nominees are hard-working Alaskans, and each of them has experience in Alaska's diverse fisheries. I look forward to the balanced and thoughtful perspectives they'll bring to Alaska's fisheries management.

Thank you for your hard work and dedication to Alaska. Please join me in supporting the nominees to the Board of Fisheries, and cast your vote to confirm Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey.

Sincerely,
Michael Hulquist

Dear House Fisheries Committee,

I'm writing today in support of Governor Dunleavy's nominees to the Board of Fisheries – Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey. As a person who loves to fish in Alaska, it's important to me that the people responsible for managing and allocating fish represent all Alaskans fairly. The Governor's nominees come from diverse backgrounds and have expertise that will serve us all well.

I've heard that Judge Karl Johnstone is facing opposition in Juneau from the commercial-fishing industry. Judge Johnstone served on the Board of Fisheries in the past, where he exhibited a broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska. He demonstrated the leadership and fairness all Board members should be known for. In the words of the 2015 Alaska Legislature, "Mr. Johnstone's record on the Board represents the gold standard of public service."

Mr. Johnstone, in particular, will be a great asset to the Board. His previous experience as a Board member and as chairman of the Board means he'll be able to hit the ground running. His experience as a Superior Court judge gives me confidence that he can look at problems from multiple perspectives and make fair decisions.

Mr. Johnstone did an admirable job during his tenure on the board. He was known to be very approachable and to listen to all user groups. He came very well prepared for every meeting, asked appropriate, pertinent and probing questions, actively built a sound record of decision-making during deliberations and brought a welcome expectation of high performance to the Board process. Dear House Fisheries Committee,

I'm writing today in support of Governor Dunleavy's nominees to the Board of Fisheries – Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey. As a person who loves to fish in Alaska, it's important to me that the people responsible for managing and allocating fish represent all Alaskans fairly. The Governor's nominees come from diverse backgrounds and have expertise that will serve us all well.

For years, the sportfishermen, tourists that come here to fish and the hundreds of businesses that benefit from tourism have suffered from a board of fish made up of primarily commercial fishermen. I fish every day on the Kenai June-October and it's obvious that decisions made on how much time commercial boats are allowed to have their nets out in the past has been solely on \$ and not on how many fish are making it to the spawning grounds. If we keep allowing this to happen there will be no more fish for future Alaskans. There is even talk of BOF lowering the escapement goals. This would be tragic for Alaska.

I've heard that Judge Karl Johnstone is facing opposition in Juneau from the commercial-fishing industry. Judge Johnstone served on the Board of Fisheries in the past, where he exhibited a broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska. He demonstrated the leadership and fairness all Board members should be known for. Dear House Fisheries Committee,

I'm writing today in support of Governor Dunleavy's nominees to the Board of Fisheries – Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey. As a person who loves to fish in Alaska, it's important to me that the people responsible for managing and allocating fish represent all Alaskans fairly. The Governor's nominees come from diverse backgrounds and have expertise that will serve us all well.

I've heard that Judge Karl Johnstone is facing opposition in Juneau from the commercial-fishing industry. How sad is that?

I know that Judge Johnstone served on the Board of Fisheries in the past, where he exhibited a broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska. He demonstrated the leadership and fairness all Board members should be known for. BRING HIM BACK!

In the words of the 2015 Alaska Legislature, "Mr. Johnstone's record on the Board represents the gold standard of public service."

Mr. Johnstone, in particular, will be a great asset to the Board. His previous experience as a Board member and as chairman of the Board means he'll be able to hit the ground running. His experience as a Superior Court judge gives me confidence that he can look at problems from multiple perspectives and make fair decisions.

Mr. Johnstone did an admirable job during his tenure on the board. As did Israel Peyton. I fully support re-confirmation of Mr Payton as well as confirmation of new BOF members Maritime Carlson-Van Dort (who clearly understands the process) and Gerald Godfrey.

All the nominees are hard-working Alaskans, and each of them has experience in Alaska's diverse fisheries. I look forward to the balanced and thoughtful perspectives they'll bring to Alaska's fisheries management, whether that be Kenai king conservation or fair allocation of sockeye so that dipnetters and sport anglers can get more than one red salmon for their families.

Thank you for your hard work and dedication to Alaska. Please join me in supporting the nominees to the Board of Fisheries, and cast your vote to confirm Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey.

Sincerely,
Greg Brush

The Governor's nominees come from diverse backgrounds and have expertise that will serve us all well.

It is critically important that we retain balance on the board. This means sport, commercial and subsistence fishing needs to be represented. My family and I are a three generation fishing family and have seen the fish returns decline year after year in our waterways all over Alaska. We have to manage the resource for all users, not one over the other. Karl Johnstone has an proven track record for being fair and balanced - and more importantly - he puts fish first, over politics.

Thank you for your hard work and dedication to Alaska. Please join me in supporting the nominees to the Board of Fisheries, and cast your vote to confirm Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey.

Sincerely,
Laurie Fagnani

His experience as a Superior Court judge gives me confidence that he can look at problems from multiple perspectives and make fair decisions.

Mr. Johnstone did an admirable job during his tenure on the board. He was known to be very approachable and to listen to all user groups. He came very well prepared for every meeting, asked appropriate, pertinent and probing questions, actively built a sound record of decision-making during deliberations and brought a welcome expectation of high performance to the Board process. With his broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska, he demonstrated leadership and fairness as the Board dealt with often contentious conservation and allocation issues.

All the nominees are hard-working Alaskans, and each of them has experience in Alaska's diverse fisheries. I look forward to the balanced and thoughtful perspectives they'll bring to Alaska's fisheries management.

As a 45 year resident and sport fisherman AND voter I strongly urge you to support Judge Johnstone and all the Governors picks to this critical board

Thank you for your hard work and dedication to Alaska. Please join me in supporting the nominees to the Board of Fisheries, and cast your vote to confirm Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey.

Sincerely,
Glenn Peterson

Dear House Fisheries Committee,

I'm writing today in support of Governor Dunleavy's nominees to the Board of Fisheries – Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey. As a person who loves to fish in Alaska, it's important to me that the people responsible for managing and allocating fish represent all Alaskans fairly. The Governor's nominees come from diverse backgrounds and have expertise that will serve us all well.

I have seen Mr. Johnstone in action when he was on the Board of Fisheries. As a prior judge, he has brought objectivity and focus on the roots of many issues that were confronting the Board at that time. I am pleased that he has decided to serve again and I urge you to support his candidacy.

Thank you for your hard work and dedication to Alaska. Please join me in supporting the nominees to the Board of Fisheries, and cast your vote to confirm Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey.

Sincerely,
Richard Yamada

Dear House Fisheries Committee,

I'm writing today in support of Governor Dunleavy's nominees to the Board of Fisheries – Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey. As a person who loves to fish in Alaska, it's important to me that the people responsible for managing and allocating fish represent all Alaskans fairly. The Governor's nominees come from diverse backgrounds and have expertise that will serve us all well.

I've heard that Judge Karl Johnstone is facing opposition in Juneau from the commercial-fishing industry. Judge Johnstone served on the Board of Fisheries in the past, where he exhibited a broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska. He demonstrated the leadership and fairness all Board members should be known for. In the words of the 2015 Alaska Legislature, "Mr. Johnstone's record on the Board represents the gold standard of public service."

Mr. Johnstone, in particular, will be a great asset to the Board. His previous experience as a Board member and as chairman of the Board means he'll be able to hit the ground running. His experience as a Superior Court judge gives me confidence that he can look at problems from multiple perspectives and make fair decisions.

Mr. Johnstone did an admirable job during his tenure on the board. He was known to be very approachable and to listen to all user groups. He came very well prepared for every meeting, asked appropriate, pertinent and probing questions, actively built a sound record of decision-making during deliberations and brought a welcome expectation of high performance to the Board process. Dear House Fisheries Committee,

I'm writing today in support of Governor Dunleavy's nominees to the Board of Fisheries – Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey. As a person who loves to fish in Alaska, it's important to me that the people responsible for managing and allocating fish represent all Alaskans fairly. The Governor's nominees come from diverse backgrounds and have expertise that will serve us all well.

Please support all nominees for the Board of Fisheries, especially Judge Johnstone. Alaskans deserve a balanced board and these nominees are a step in that direction. We are in danger of allowing commercial interests to decimate our wonderful resources the same way they have in the lower 48. Please keep control in a balanced board by supporting a Governor who got elected partly by promising to not sell our resources like our previous Governor did. Thank you for taking the time to read this. I am just a resident, not writing as a sports fisherman or a commercial one. 60 years. Greg

Thank you for your hard work and dedication to Alaska. Please join me in supporting the nominees to the Board of Fisheries, and cast your vote to confirm Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey.

Sincerely,
Gregory Groeneweg

Dear House Fisheries Committee,

I'm writing today in support of Governor Dunleavy's nominees to the Board of Fisheries – Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey. As a person who loves to fish in Alaska, it's important to me that the people responsible for managing and allocating fish represent all Alaskans fairly. The Governor's nominees come from diverse backgrounds and have expertise that will serve us all well.

I've heard that Judge Karl Johnstone is facing opposition in Juneau from the commercial-fishing industry. Judge Johnstone served on the Board of Fisheries in the past, where he exhibited a broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska. He demonstrated the leadership and fairness all Board members should be known for. In the words of the 2015 Alaska Legislature, "Mr. Johnstone's record on the Board represents the gold standard of public service."

Mr. Johnstone, in particular, will be a great asset to the Board. His previous experience as a Board member and as chairman of the Board means he'll be able to hit the ground running. His experience as a Superior Court judge gives me confidence that he can look at problems from multiple perspectives and make fair decisions.

Mr. Johnstone did an admirable job during his tenure on the board. He was known to be very approachable and to listen to all user groups. He came very well prepared for every meeting, asked appropriate, pertinent and probing questions, actively built a sound record of decision-making during deliberations and brought a welcome expectation of high performance to the Board process. With his broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska, he demonstrated leadership and fairness as the Board dealt with often contentious conservation and allocation issues.

All the nominees are hard-working Alaskans, and each of them has experience in Alaska's diverse fisheries. I look forward to the balanced and thoughtful perspectives they'll bring to Alaska's fisheries management.

Thank you for your hard work and dedication to Alaska. Please join me in supporting the nominees to the Board of Fisheries, and cast your vote to confirm Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey.

Sincerely,
Richard Jameson

It's far past time that we follow our state Constitution and manage our resources "to the people for common use" (section 3). It is unconstitutional to give preference to commercial interests, and it needs to stop. We need people on the Board of Fisheries who will follow our constitution and fairly manage our fisheries, not give preference to those who can hire the most lobbyists.

Thank you for your hard work and dedication to Alaska. Please join me in supporting the nominees to the Board of Fisheries, and cast your vote to confirm Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey.

Dear House Fisheries Committee,

I'm writing today in support of Governor Dunleavy's nominees to the Board of Fisheries – Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey. As a person who loves to fish in Alaska, it's important to me that the people responsible for managing and allocating fish represent all Alaskans fairly. The Governor's nominees come from diverse backgrounds and have expertise that will serve us all well.

I was born in Alaska and have lived here most of my life. I am old enough to recall when commercial interests in Seattle controlled our fisheries and was very happy when we achieved statehood and took control of our own resources. Dedicated Alaskans have served on boards and commissions without compensation and I commend them for their dedication.

It was with great concern that I heard that Judge Karl Johnstone is facing opposition in Juneau from the commercial-fishing industry. Judge Johnstone served on the Board of Fisheries in the past, where he exhibited a broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska. He demonstrated the leadership and fairness all Board members should be known for. In the words of the 2015 Alaska Legislature, "Mr. Johnstone's record on the Board represents the gold standard of public service."

Mr. Johnstone, in particular, will be a great asset to the Board. His previous experience as a Board member and as chairman of the Board means he'll be able to hit the ground running. His experience as a Superior Court judge gives me confidence that he can look at problems from multiple perspectives and make fair decisions.

Mr. Johnstone did an admirable job during his tenure on the board. He was known to be very approachable and to listen to all user groups. Mr. Johnstone, in particular, will be a great asset to the Board. His previous experience as a Board member and as chairman of the Board means he'll be able to hit the ground running. His experience as a Superior Court judge gives me confidence that he can look at problems from multiple perspectives and make fair decisions.

Mr. Johnstone did an admirable job during his tenure on the board. He was known to be very approachable and to listen to all user groups. He came very well prepared for every meeting, asked appropriate, pertinent and probing questions, actively built a sound record of decision-making during deliberations and brought a welcome expectation of high performance to the Board process. With his broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska, he demonstrated leadership and fairness as the Board dealt with often contentious conservation and allocation issues.

All the nominees are hard-working Alaskans, and each of them has experience in Alaska's diverse fisheries. I look forward to the balanced and thoughtful perspectives they'll bring to Alaska's fisheries management.

Thank you for your hard work and dedication to Alaska. Please join me in supporting the nominees to the Board of Fisheries, and cast your vote to confirm Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey.

Sincerely,
Reubin Payne

Dear House Fisheries Committee,

I'm writing today in support of Governor Dunleavy's nominees to the Board of Fisheries – Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey. As a person who loves to fish in Alaska, it's important to me that the people responsible for managing and allocating fish represent all Alaskans fairly. The Governor's nominees come from diverse backgrounds and have expertise that will serve us all well.

I've heard that Judge Karl Johnstone is facing opposition in Juneau from the commercial-fishing industry. Judge Johnstone served on the Board of Fisheries in the past, where he exhibited a broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska. He demonstrated the leadership and fairness all Board members should be known for. In the words of the 2015 Alaska Legislature, "Mr. Johnstone's record on the Board represents the gold standard of public service."

Mr. Johnstone, in particular, will be a great asset to the Board. His previous experience as a Board member and as chairman of the Board means he'll be able to hit the ground running. His experience as a Superior Court judge gives me confidence that he can look at problems from multiple perspectives and make fair decisions.

Dear House Fisheries Committee,

I'm writing today in support of Governor Dunleavy's nominees to the Board of Fisheries – Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey. As a person who loves to fish in Alaska, it's important to me that the people responsible for managing and allocating fish represent all Alaskans fairly. The Governor's nominees come from diverse backgrounds and have expertise that will serve us all well.

Karl Johnstone has been a strong and effective advocate and strong leader for and worker in Alaska's struggle to preserve our fisheries. His record demonstrates that he has worked for all fisheries elements including commercial, subsistence, sport and personal use.

In the words of the 2015 Alaska Legislature, "Mr. Johnstone's record on the Board represents the gold standard of public service."

I have witnessed Karl Johnstone in his capacity as a judge. He Demonstrated fairness and a keen intellect that enabled him to understand and rule on complex issues. Karl brings hat talent to his work in fisheries.

Mr. Johnstone, in particular, will be a great asset to the Board. His previous experience as a Board member and as chairman of the Board means he'll be able to hit the ground running.

Mr. Johnstone did an admirable job during his tenure on the board. He was known to be very approachable and to listen to all user groups. Dear House Fisheries Committee,

I'm writing today in support of Governor Dunleavy's nominees to the Board of Fisheries – Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey. As a person who loves to fish in Alaska, it's important to me that the people responsible for managing and allocating fish represent all Alaskans fairly. The Governor's nominees come from diverse backgrounds and have expertise that will serve us all well.

I've heard that Judge Karl Johnstone is facing opposition in Juneau from the commercial-fishing industry. Judge Johnstone served on the Board of Fisheries in the past, where he exhibited a broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska. He demonstrated the leadership and fairness all Board members should be known for. In the words of the 2015 Alaska Legislature, "Mr. Johnstone's record on the Board represents the gold standard of public service."

Mr. Johnstone, in particular, will be a great asset to the Board. His previous experience as a Board member and as chairman of the Board means he'll be able to hit the ground running. His experience as a Superior Court judge gives me confidence that he can look at problems from multiple perspectives and make fair decisions.

Mr. Johnstone did an admirable job during his tenure on the board. He was known to be very approachable and to listen to all user groups. He came very well prepared for every meeting, asked appropriate, pertinent and probing questions, actively built a sound record of decision-making during deliberations and brought a welcome expectation of high performance to the Board process. With his broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska, he demonstrated leadership and fairness as the Board dealt with often contentious conservation and allocation issues.

All the nominees are hard-working Alaskans, and each of them has experience in Alaska's diverse fisheries. I look forward to the balanced and thoughtful perspectives they'll bring to Alaska's fisheries management.

Thank you for your hard work and dedication to Alaska. Please join me in supporting the nominees to the Board of Fisheries, and cast your vote to confirm Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey.

Sincerely,
David Johnson

His experience as a Superior Court judge gives me confidence that he can look at problems from multiple perspectives and make fair decisions.

Mr. Johnstone did an admirable job during his tenure on the board. He was known to be very approachable and to listen to all user groups. He came very well prepared for every meeting, asked appropriate, pertinent and probing questions, actively built a sound record of decision-making during deliberations and brought a welcome expectation of high performance to the Board process. With his broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska, he demonstrated leadership and fairness as the Board dealt with often contentious conservation and allocation issues.

All the nominees are hard-working Alaskans, and each of them has experience in Alaska's diverse fisheries. I look forward to the balanced and thoughtful perspectives they'll bring to Alaska's fisheries management.

Thank you for your hard work and dedication to Alaska. Please join me in supporting the nominees to the Board of Fisheries, and cast your vote to confirm Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey.

Sincerely,
Steve Miller

Dear House Fisheries Committee,

I'm writing today in support of Governor Dunleavy's nominees to the Board of Fisheries – Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey. As a person who loves to fish in Alaska, it's important to me that the people responsible for managing and allocating fish represent all Alaskans fairly. The Governor's nominees come from diverse backgrounds and have expertise that will serve us all well.

I've heard that Judge Karl Johnstone is facing opposition in Juneau from the commercial-fishing industry. Judge Johnstone served on the Board of Fisheries in the past, where he exhibited a broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska. He demonstrated the leadership and fairness all Board members should be known for. In the words of the 2015 Alaska Legislature, "Mr. Johnstone's record on the Board represents the gold standard of public service."

Mr. Johnstone, in particular, will be a great asset to the Board. His previous experience as a Board member and as chairman of the Board means he'll be able to hit the ground running. His experience as a Superior Court judge gives me confidence that he can look at problems from multiple perspectives and make fair decisions.

Mr. Johnstone did an admirable job during his tenure on the board. He was known to be very approachable and to listen to all user groups. He came very well prepared for every meeting, asked appropriate, pertinent and probing questions, actively built a sound record of decision-making during deliberations and brought a welcome expectation of high performance to the Board process. The Governor's nominees come from diverse backgrounds and have expertise that will serve us all well.

I have had the opportunity to attend many meetings when Karl was on the board. They were some of the best run meetings I've ever seen. Well thought out arguments that led to better decision making and policy for Alaskans. And on top of being extremely prepared, knowledgeable and well versed in the subject matter he was always available to the public and most people like him because he just a nice guy. Did I mention he is honest? Unlike some of the current board members. He will bring a level of professionalism that has been missing since his departure a few years ago. Please confirm him!

Thank you for your hard work and dedication to Alaska. Please join me in supporting the nominees to the Board of Fisheries, and cast your vote to confirm Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey.

Sincerely,
Dan Ernhart

His experience as a Superior Court judge gives me confidence that he can look at problems from multiple perspectives and make fair decisions.

Mr. Johnstone did an admirable job during his tenure on the board. He was known to be very approachable and to listen to all user groups. He came very well prepared for every meeting, asked appropriate, pertinent and probing questions, actively built a sound record of decision-making during deliberations and brought a welcome expectation of high performance to the Board process. With his broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska, he demonstrated leadership and fairness as the Board dealt with often contentious conservation and allocation issues.

All the nominees are hard-working Alaskans, and each of them has experience in Alaska's diverse fisheries. I look forward to the balanced and thoughtful perspectives they'll bring to Alaska's fisheries management.

Thank you for your hard work and dedication to Alaska. Please join me in supporting the nominees to the Board of Fisheries, and cast your vote to confirm Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey.

Sincerely,
John Moline

Dear House Fisheries Committee,

I'm writing today in support of Governor Dunleavy's nominees to the Board of Fisheries – Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey. As a person who loves to fish in Alaska, it's important to me that the people responsible for managing and allocating fish represent all Alaskans fairly. The Governor's nominees come from diverse backgrounds and have expertise that will serve us all well.

I've heard that Judge Karl Johnstone is facing opposition in Juneau from the commercial-fishing industry. Judge Johnstone served on the Board of Fisheries in the past, where he exhibited a broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska. He demonstrated the leadership and fairness all Board members should be known for. In the words of the 2015 Alaska Legislature, "Mr. Johnstone's record on the Board represents the gold standard of public service."

Mr. Johnstone, in particular, will be a great asset to the Board. His previous experience as a Board member and as chairman of the Board means he'll be able to hit the ground running. His experience as a Superior Court judge gives me confidence that he can look at problems from multiple perspectives and make fair decisions.

Mr. Johnstone did an admirable job during his tenure on the board. He was known to be very approachable and to listen to all user groups. He came very well prepared for every meeting, asked appropriate, pertinent and probing questions, actively built a sound record of decision-making during deliberations and brought a welcome expectation of high performance to the Board process. With his broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska, he demonstrated leadership and fairness as the Board dealt with often contentious conservation and allocation issues.

All the nominees are hard-working Alaskans, and each of them has experience in Alaska's diverse fisheries. I look forward to the balanced and thoughtful perspectives they'll bring to Alaska's fisheries management.

Thank you for your hard work and dedication to Alaska. Please join me in supporting the nominees to the Board of Fisheries, and cast your vote to confirm Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey.

Sincerely,
Gary Sholly

Dear House Fisheries Committee,

I'm writing today in support of Governor Dunleavy's nominees to the Board of Fisheries – Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey. As a person who loves to fish in Alaska, it's important to me that the people responsible for managing and allocating fish represent all Alaskans fairly. The Governor's nominees come from diverse backgrounds and have expertise that will serve us all well.

I've heard that Judge Karl Johnstone is facing opposition in Juneau from the commercial-fishing industry. Judge Johnstone served on the Board of Fisheries in the past, where he exhibited a broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska. He demonstrated the leadership and fairness all Board members should be known for. In the words of the 2015 Alaska Legislature, "Mr. Johnstone's record on the Board represents the gold standard of public service."

Mr. Johnstone, in particular, will be a great asset to the Board. His previous experience as a Board member and as chairman of the Board means he'll be able to hit the ground running. His experience as a Superior Court judge gives me confidence that he can look at problems from multiple perspectives and make fair decisions.

Mr. Johnstone did an admirable job during his tenure on the board. He was known to be very approachable and to listen to all user groups. He came very well prepared for every meeting, asked appropriate, pertinent and probing questions, actively built a sound record of decision-making during deliberations and brought a welcome expectation of high performance to the Board process. With his broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska, he demonstrated leadership and fairness as the Board dealt with often contentious conservation and allocation issues.

All the nominees are hard-working Alaskans, and each of them has experience in Alaska's diverse fisheries. I look forward to the balanced and thoughtful perspectives they'll bring to Alaska's fisheries management.

Thank you for your hard work and dedication to Alaska. Please join me in supporting the nominees to the Board of Fisheries, and cast your vote to confirm Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey.

Sincerely,
Greg Giaque

As a person who loves to fish in Alaska, it's important to me that the people responsible for managing and allocating fish represent all Alaskans fairly. The Governor's nominees come from diverse backgrounds and have expertise that will serve us all well.

Judge Karl Johnstone is facing opposition in Juneau from the commercial-fishing industry. Judge Johnstone served on the Board of Fisheries and fully understands the various commercial, recreational, personal-use and subsistence fisheries in Alaska. He demonstrates the leadership and fairness all Board members should strive for. As stated during the 2015 Alaska Legislature, "Mr. Johnstone's record on the Board represents the gold standard of public service."

Mr. Johnstone, as a past Board member and Board Chairman, will be a great asset to the Board in that he understands the issues at hand and the stakeholders involved. His experience as a Superior Court judge gives me confidence that he can look at problems from multiple perspectives and make fair decisions.

Mr. Johnstone did an admirable job during his tenure on the board. He was known to be very approachable and to listen to all user groups. He came very well prepared for every meeting, asked appropriate, pertinent and probing questions, actively built a sound record of decision-making during deliberations and brought a welcome expectation of high performance to the Board process. With his broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska, he demonstrated leadership and fairness as the Board dealt with often contentious conservation and allocation issues.

I am concerned that the commercial fishing industry is specifically targeting Mr. Johnstone because his views represents are aligned with the specific goals and objectives of the commercial fishing industry. I hope you will support the nominees that represent most of the people in Alaska, rather than the narrow views of commercial fishing.

All the nominees are hard-working Alaskans, and each of them has experience in Alaska's diverse fisheries. I look forward to the balanced and thoughtful perspectives they'll bring to Alaska's fisheries management.

I will be watching your vote and actions in the matter and that actions will help me determine how I vote in the next election.

Thank you for your hard work and dedication to Alaska. Please join me in supporting the nominees to the Board of Fisheries, and cast your vote to confirm Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey.

Sincerely,
Fred King

With his broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska, he demonstrated leadership and fairness as the Board dealt with often contentious conservation and allocation issues.

All the nominees are hard-working Alaskans, and each of them has experience in Alaska's diverse fisheries. I look forward to the balanced and thoughtful perspectives they'll bring to Alaska's fisheries management.

Thank you for your hard work and dedication to Alaska. Please join me in supporting the nominees to the Board of Fisheries, and cast your vote to confirm Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey.

Sincerely,
William MacKay

Dear John Lincoln,

I'm writing today in support of Governor Dunleavy's nominees to the Board of Fisheries – Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey. As a person who loves to fish in Alaska, it's important to me that the people responsible for managing and allocating fish represent all Alaskans fairly. The Governor's nominees come from diverse backgrounds and have expertise that will serve us all well.

I've heard that Judge Karl Johnstone is facing opposition in Juneau from the commercial-fishing industry. Judge Johnstone served on the Board of Fisheries in the past, where he exhibited a broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska. He demonstrated the leadership and fairness all Board members should be known for. In the words of the 2015 Alaska Legislature, "Mr. Johnstone's record on the Board represents the gold standard of public service."

Mr. Johnstone, in particular, will be a great asset to the Board. His previous experience as a Board member and as chairman of the Board means he'll be able to hit the ground running. His experience as a Superior Court judge gives me confidence that he can look at problems from multiple perspectives and make fair decisions.

Mr. Johnstone did an admirable job during his tenure on the board. He was known to be very approachable and to listen to all user groups. He came very well prepared for every meeting, asked appropriate, pertinent and probing questions, actively built a sound record of decision-making during deliberations and brought a welcome expectation of high performance to the Board process. With his broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska, he demonstrated leadership and fairness as the Board dealt with often contentious conservation and allocation issues.

All the nominees are hard-working Alaskans, and each of them has experience in Alaska's diverse fisheries. I look forward to the balanced and thoughtful perspectives they'll bring to Alaska's fisheries management.

Thank you for your hard work and dedication to Alaska. Please join me in supporting the nominees to the Board of Fisheries, and cast your vote to confirm Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey.

Sincerely,
Rod Bodenner

The Governor's nominees come from diverse backgrounds and have expertise that will serve us all well.

I've heard that Judge Karl Johnstone is facing opposition in Juneau from the commercial fisheries for a great reason. He is one sided! We should not agree to Dunleavy's Board of Fisheries choices!!

Mr. Johnstone," is NOT a great asset to the Board. His previous experience as a Board member and as chairman of the Board was completely one sided and did not look at the scientific background of stocks and did not go with the biologists decisions, he was for political based actions.

Mr. Johnstone did an admirable job during his tenure on the board. He was known to be very approachable and always leaned towards one side, sport fishing!

Mr. Johnstone does not represent the best for Alaskans!

Thank you for your hard work and dedication to Alaska. Please join me in supporting the nominees to the Board of Fisheries, and cast your vote to confirm Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey.

Sincerely,
Kelsey Deiman-Szymanski

Dear John Lincoln,

I'm writing today in support of Governor Dunleavy's nominees to the Board of Fisheries – Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey. As a person who loves to fish in Alaska, it's important to me that the people responsible for managing and allocating fish represent all Alaskans fairly. The Governor's nominees come from diverse backgrounds and have expertise that will serve us all well.

I've heard that Judge Karl Johnstone is facing opposition in Juneau from the commercial-fishing industry. Judge Johnstone served on the Board of Fisheries in the past, where he exhibited a broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska. He demonstrated the leadership and fairness all Board members should be known for. In the words of the 2015 Alaska Legislature, "Mr. Johnstone's record on the Board represents the gold standard of public service."

Mr. Johnstone, in particular, will be a great asset to the Board. His previous experience as a Board member and as chairman of the Board means he'll be able to hit the ground running. His experience as a Superior Court judge gives me confidence that he can look at problems from multiple perspectives and make fair decisions.

Mr. Johnstone did an admirable job during his tenure on the board. He was known to be very approachable and to listen to all user groups. He came very well prepared for every meeting, asked appropriate, pertinent and probing questions, actively built a sound record of decision-making during deliberations and brought a welcome expectation of high performance to the Board process. With his broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska, he demonstrated leadership and fairness as the Board dealt with often contentious conservation and allocation issues.

All the nominees are hard-working Alaskans, and each of them has experience in Alaska's diverse fisheries. I look forward to the balanced and thoughtful perspectives they'll bring to Alaska's fisheries management.

Thank you for your hard work and dedication to Alaska. Please join me in supporting the nominees to the Board of Fisheries, and cast your vote to confirm Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey.

Sincerely,
Frank Stoneman

Dear John Lincoln,

I'm writing today in support of Governor Dunleavy's nominees to the Board of Fisheries – Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey. As a person who loves to fish in Alaska, it's important to me that the people responsible for managing and allocating fish represent all Alaskans fairly. The Governor's nominees come from diverse backgrounds and have expertise that will serve us all well.

I would particularly like to give my support for Karl Johnstone. I previously met with Karl during the Southeast meetings when he served on the Board of Fish several years ago. I found him sincere, knowledgeable and genuinely concerned with the issues, fish stocks and fair and equitable allocation for all user groups. Because of Karl's past experience and excellent record I believe he would be a great choice to serve on the BOF again.

Thank you for your hard work and dedication to Alaska. Please join me in supporting the nominees to the Board of Fisheries, and cast your vote to confirm Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey.

Sincerely,
Jeff Wedekind

He demonstrated the leadership and fairness all Board members should be known for. In the words of the 2015 Alaska Legislature, "Mr. Johnstone's record on the Board represents the gold standard of public service."

Mr. Johnstone, in particular, will be a great asset to the Board. His previous experience as a Board member and as chairman of the Board means he'll be able to hit the ground running. His experience as a Superior Court judge gives me confidence that he can look at problems from multiple perspectives and make fair decisions.

Mr. Johnstone did an admirable job during his tenure on the board. He was known to be very approachable and to listen to all user groups. He came very well prepared for every meeting, asked appropriate, pertinent and probing questions, actively built a sound record of decision-making during deliberations and brought a welcome expectation of high performance to the Board process. With his broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska, he demonstrated leadership and fairness as the Board dealt with often contentious conservation and allocation issues.

All the nominees are hard-working Alaskans, and each of them has experience in Alaska's diverse fisheries. I look forward to the balanced and thoughtful perspectives they'll bring to Alaska's fisheries management.

Thank you for your hard work and dedication to Alaska. Please join me in supporting the nominees to the Board of Fisheries, and cast your vote to confirm Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey.

Sincerely,
Gloria Hernandez

Dear John Lincoln,

I'm writing today in support of Governor Dunleavy's nominees to the Board of Fisheries – Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey. As a person who loves to fish in Alaska, it's important to me that the people responsible for managing and allocating fish represent all Alaskans fairly. The Governor's nominees come from diverse backgrounds and have expertise that will serve us all well.

I've heard that Judge Karl Johnstone is facing opposition in Juneau from the commercial-fishing industry. Judge Johnstone served on the Board of Fisheries in the past, where he exhibited a broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska. He demonstrated the leadership and fairness all Board members should be known for. In the words of the 2015 Alaska Legislature, "Mr. Johnstone's record on the Board represents the gold standard of public service."

Mr. Johnstone, in particular, will be a great asset to the Board. His previous experience as a Board member and as chairman of the Board means he'll be able to hit the ground running. As a person who loves to fish in Alaska, it's important to me that the people responsible for managing and allocating fish represent all Alaskans fairly. The Governor's nominees come from diverse backgrounds and have expertise that will serve us all well.

I've heard that Judge Karl Johnstone is facing opposition in Juneau from the commercial-fishing industry. Judge Johnstone served on the Board of Fisheries in the past, where he exhibited a broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska. He demonstrated the leadership and fairness all Board members should be known for. In the words of the 2015 Alaska Legislature, "Mr. Johnstone's record on the Board represents the gold standard of public service."

Mr. Johnstone did an admirable job during his tenure on the board. He was known to be very approachable and to listen to all user groups. He came very well prepared for every meeting, asked appropriate, pertinent and probing questions, actively built a sound record of decision-making during deliberations and brought a welcome expectation of high performance to the Board process. With his broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska, he demonstrated leadership and fairness as the Board dealt with often contentious conservation and allocation issues.

Thank you for your hard work and dedication to Alaska. Please join me in supporting the nominees to the Board of Fisheries, and cast your vote to confirm Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey.

Sincerely,
Reuben Hanke

Dear John Lincoln,

I'm writing today in support of Governor Dunleavy's nominees to the Board of Fisheries – Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey. As a person who loves to fish in Alaska, it's important to me that the people responsible for managing and allocating fish represent all Alaskans fairly. The Governor's nominees come from diverse backgrounds and have expertise that will serve us all well.

I understand that Judge Karl Johnstone is facing opposition in Juneau from the commercial-fishing industry. Judge Johnstone served on the Board of Fisheries in the past, where he exhibited a broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska. He demonstrated the leadership and fairness all Board members should be known for. In the words of the 2015 Alaska Legislature, "Mr. Johnstone's record on the Board represents the gold standard of public service."

Mr. Johnstone, in particular, will be a great asset to the Board. His previous experience as a Board member and as chairman of the Board means he'll be able to immediately be a contributing member of the board. His experience as a Superior Court judge gives me confidence that he can look at problems from multiple perspectives and make fair decisions based on the laws and regulations as written.

Mr. Johnstone did an admirable job during his tenure on the board. He was known to be very approachable and to listen to all user groups. He came very well prepared for every meeting, asked appropriate, pertinent and probing questions, actively built a sound record of decision-making during deliberations and brought a welcome expectation of high performance to the Board process. With his broad understanding of the various commercial, recreational, personal-use and subsistence fisheries in Alaska, he demonstrated leadership and fairness as the Board dealt with often contentious conservation and allocation issues.

All the nominees are hard-working Alaskans, and each of them has experience in Alaska's diverse fisheries. I look forward to the balanced and thoughtful perspectives they will ALL bring to Alaska's fisheries management.

Thank you for your hard work and dedication to Alaska. Please join me in supporting the nominees to the Board of Fisheries, and cast your vote to confirm Karl Johnstone, Israel Payton, Marit Carlson-Van Dort and Gerad Godfrey.

Sincerely,
Thomas Finger
