**Subject:** Please say no to HB 102

Hello Representative LeDoux,

As your constituent, I'm asking you to please take a close look at HB 102. This bill regulates peer-to-peer car sharing without any input from peer-to-peer car sharers in the state.

Why is the Ohio state legislature passing bills that directly impact the livelihoods of Ohioans without opening these amendments to public comments?

I respectfully urge you to reject the peer-to-peer car sharing provisions. Thank you.

Thank You,  
Vance Sasinowski

Dear Representative LeDoux,

I am a member of the Turo community and am writing to ask you to oppose the peer-to-peer car sharing provisions in HB 102. This bill is bad for AK and is being pushed through with little to no public hearings.

As a constituent, I'm saddened by this process. I hope you'll remove the peer-to-peer car sharing provisions and give car sharing companies a chance to have a seat at the table.

Hello Representative LeDoux,

Lawmakers in Juneau are considering HB 102, a tax bill that is also trying to force peer-to-peer car sharing into rental car regulations. Why are they allowed to add something like that to a tax bill?

I share my car a few days a month to cover the cost of owning a car. I am not a rental car company!

It's so frustrating to try to make ends meet with my own car and then hear that companies like Enterprise Rent A Car are trying to stop me by making me be a rental car company! Please stand up for voters like me and oppose their effort to do this!

Dear Representative LeDoux,

Didn't want the generic reply here..

I just want my representatives of both parties to promote companies that make it possible for average Alaskans and Americans the ability to leverage their personal assets for profit, just like any other corporation is allowed to do. Our country and great State of Alaska were founded by men and women that had this spirit.

Please do all you can to make life easier on us citizens, and sleep well at night knowing the policies you promote for us are the same ones you want for your loved ones.

Thank you,

**Subject:** HB 102 is no good

Dear Representative LeDoux,

I am a member of the Turo community and am writing to ask you to oppose the peer-to-peer car sharing provisions in HB 102. This bill is bad for AK and is being pushed through with little to no public hearings.

As a constituent, I'm saddened by this process. I hope you'll remove the peer-to-peer car sharing provisions and give car sharing companies a chance to have a seat at the table.

Regards,

Hello Representative LeDoux,

I love using Turo and peer-to-peer car sharing, it's great for Alaska state. Unfortunately, HB 102 would burden car sharing hosts with the same regulations as big corporate rental car companies. Please oppose HB 102 and bring peer-to-peer car sharing companies to the table for discussion around regulation.

Best,

**Subject:** HB 102 is bad for the little guy

Hello Representative LeDoux,

Lawmakers in Juneau are considering HB 102, a tax bill that is also trying to force peer-to-peer car sharing into rental car regulations. Why are they allowed to add something like that to a tax bill?

I share my car a few days a month to cover the cost of owning a car. I am not a rental car company!

It's so frustrating to try to make ends meet with my own car and then hear that companies like Enterprise Rent A Car are trying to stop me by making me be a rental car company! Please stand up for voters like me and oppose their effort to do this!

Thank You,  
Luther Anderson

**Subject:** Please oppose HB 102!

Dear Representative LeDoux,

I am a Turo customer and I am writing to you today to express my strong opposition to HB 102. If it became a law it would hurt my ability to share my car.

I share my car to earn a little money to cover my car payment and sometimes even a few household bills. The provision in the bill, which was included by the rental car industry who doesn't want competition, would make Turo have to comply with rental car rules! How is that even possible when THEY don't own my car - I do!

I am tired of big companies trying to eliminate competition using sneaky tactics like this. Please oppose this legislation.

Sincerely,

Dave Saldivar
