Subject: Support for Senate Bill 66

Dear Commissioner Ledbetter:

The Legislative Committee of the Alaska State Home Building Association has considered Senate Bill 66, an act that combines the Division of Workers' Compensation and the Division of Labor Standards & Safety. Based on our discussion, this letter is express support for passage of the bill.

To be forthright, we appreciate the functions and importance of both divisions. Our support for this bill is based on the confidence and faith that you and your department can achieve this efficiency measure without jeopardizing any important functions and responsibilities.

We appreciate this opportunity to express our support, and encourage you to share this letter with the appropriate legislative committees and individual legislator considering the bill.

Sincerely,

Richard Carr, President  
Alaska State Home Building Association
