Good day,

As your constituent I would like to say I disagree with paying Alaskans a one time hush payment so that future dividends may be substantially lowered.

Stop playing your crappy shell game and restructure oil tax.

In the meantime, pay us our money. I support HB1002, HB1003, and HB1004.

Cheers,

Dear Elected State Staff,

I am not impressed with your attempt to pacify Alaskans with a \$3000 PFD for 2019, just so you can scrape the barrel to fund state payrolls and services next year and rob Alaskans of their PERMANENT Fund Dividend.

The state already receives a portion of the PFD earnings each year for state services. The issue is that the state's mouth is too big. I propose that every elected official and appointed employee take a 20% paycut. It appears that many elected officials and appointed employees make way too much if we are unable to provide other state services. I propose that the per diem be cut. I read somewhere that your per diem in special session is reduced or removed. If this is not correct, then I propose it be made law.

Alaska was one a very rich state and we lived in a rich manner, now that our income has reduced, we must make changes to things that are over inflated in cost. Which does not include education, transportation, safety, health, military, seniors etc.

Therefore, I support the original PFD formula (est. 1983) be put into the Alaska Constitution and prior years of theft be repaid to Alaskans along with the 2019 PFD payout.

Governor Dunleavy:

I am not impressed with all the reductions in your Budget Summary just to add over 2 million to your personal office costs. This needs to be streamlined. I honestly do not believe your office needs an additional 2+ million in funds. Please remedy this inconsistency.

As state employees, I do not feel that bonuses are needed at all. State employees already make much more than the private sector along with some of the best insurance. Please even things out and save additional costs.

Do we really need state employees exempt or non-exempt making upwards of \$300,000 per year!? Do you realize that in 1 month someone with that salary is bringing in more than most Alaskans make in a year!? This is utterly irresponsible spending.

Hello Finance Committee,

I just wanted to send a quick message and ask that you work to protect the PFD. Please support HB 1002 and do not support HB 1005, which would hurt future PFD's.

The dividend is not the state's money, it is for the resource owners that live here. The state has shown it cannot effectively manage the funding it has to work with, as shown by our current financial situation, please do ask to take our share to mismanage as well.

Please protect the PFD as traditionally calculated and work to protect it in the constitution as well to put and end to this debate year after year. Residents should not be left wondering what they are left with and should not have to foot the bill for discussions on how to take their money from them. The program is a great asset to the state and any cuts would only hurt those that need it the most.

Thank you,

Alex McDonald

As an Alaskan citizen, I feel betrayed by legislation this session by their conduct regarding the PFD. I will not accept a raised PFD this year only to have it be cut in years following. That money is mine by my rights as a citizen, and to con that away from Alaskans is a very dishonest, very low move. Shame on legislation for conducting yourselves in such a deceitful, amoral manor this last session!

My husband and I want a FULL PFD, THIS year, and EVERY year. Alaskans will not stand to be cheated behind our backs. The actions you are taking in house this year will come back to bite you. No one is above reaping what they sow.

Good evening,

I DO NOT support Tammie Wilson's HB-1005 and her wanting to split the PFD!! CUT THE FAT NOT THE PFD! IT IS THE PEOPLE'S MONEY, NOT FOR GOVERNMENT USE!!

I am emailing you tonight to let you know that I support HB-1002! For a Full PFD!!

A full dividend is a MUST for all Alaskans and Alaska's economy, including my self and my family!

My husband and I are raising 2 grandchildren with no financial support from the parents or the State of Alaska.

The PFD for us gives us the ability to pay for things like winter gear for these 2 children, Clothing, school supplies, etc

It also helps us be able to cover expensive heating bills in the winter and helps with keeping food on the table.

My husband works up in Nome and he is gone 7 months out of the year then, home unemployed for 5 months..

Money gets really tight in the winter time for us..

Please I am asking you to LISTEN TO THE ALASKAN PEOPLE!

Honor Governor Mike Dunleavy's full PFD proposal!

Thank you,

Good Evening!

My name is Sheila Faigle and I am emailing you to advise that I STRONGLY OPPOSE HB1005!!!! I will never support anything that has to do with stealing any portion of my children's or my PFD!!! Our PFD should be used the way we choose to do so and NEVER be considered for government spending. I consider Governor Walker and everyone that vetoed our PFD a thief and should be held accountable! They have taken \$12,000 from my family that could have prevented me from having to file for bankruptcy. Life is a huge strut for those that live paycheck to paycheck. The PFD helps level everything out. Most Alaskans use the funds for heating, stocking up on food for the winter...these things are not cheap.

I STRONGLY SUPPORT NO CHANGE TO THE FULL PFD and URGE YOU TO PAY THE FULL \$3,000 PFD WITH HB1002 INSTEAD. IT HAS NO PFD CUT!

Dear House Finance Members,

Please know that as an Alaska resident my testimony **does not support** HB 1005. The founders of the PFD were **adamant** that the Legislature have **NO access** to the PFD! They were open and honest about the *legislatures habits of wantonly spending any revenue available* without regard to what the actual working population was able to fund. Until ALL aspects of the budget have been CUT to a REALISTIC level for the common working folks to support, I and my family of over 50 eligible voters will not support any change to the current PFD language!

WE INSIST UPON NO CHANGE TO THE FULL PFD!

Oppose this bill. This bill is a bait and switch on Alaskans. Alaskans have made it very clear that any change to the statutory law on PFDs needs to go before the people to decide. Do your civic duty and follow the current law as it has been written for the last 30+ years. We are watching very carefully at the tactics being used and will not be hoodwinked by disingenuous legislators. Do the hard but moral thing. Don't take the easy way out.

Dear Legislature,

We intend to Protect the Private sector mineral rights of the people with No greater than 50% distributions to the Government without a vote of the People contingent upon a Fully restored PFD Dividend as a result of recent reductions during the last three distribution periods. We intend to have no less than 50% distributions without a vote of the people. Both Dividends and draws of upto 50% is Designated not Appropriated. The Dividend is designated by statute and shall be transferred..(not be transferred based on the makeup of the legislature from year to year) or the Governor for that matter..We need to bring back and pay back the amounts taken to protect the people's interest restoring past years fraudulent caps.

Our dividends must must be protected by a vote of the people. To protect our accounts from invalid withdraws we must have our rights represented. If our dividend is designated and then transferred by statute, any Government Draws need to be Designated for a draw with a user fee equivalent to what was charged to the people during the last three years. A user fee for government services must be assessed to balance out draws from the earnings and to correct additional earnings affected by these caps.

The legislature shall not monopolize our Dividend or take draws for special interest without a vote of the people. Draws for government must never to exceed 50% of earnings from year to year. The last 3 years funds were taken but not spent on government. This is a legislative attempt to steal from the peoples portion of the Dividend still held in reserve as of today.

Transferred amounts should follow the same rules that have been in place prior to 2016 to restore our portion of the funds earnings. Based on dividends reduced to half or more the last three years.. We request a user fee be charged of 50% on any draws requested over the next three years to be charged by the PFD Corporation. These protections and any legal issues representing the people must protect the peoples rights and should be funded by the Corporation of the Permanent fund as an insurance policy for our share of the 50% that We the People stake-holders own to protect our half of the earnings with consistency and future constitutional protections.

There also may be federal tax implications for the state monopolizing the private portion of this fund. Federal taxes are paid on an individual basis and it may be considered fraud/waste and abuse by the state for not paying a full dividend in past years. Individuals pay taxes and the state would have to make up the difference between what was taken and any interest earned fraudulently.

Sincerely,

Stephen Wright

House and Tammie Wilson how about you stop being greedy swamp donkeys and learn how to balance a budget without pulling money from the pfd fund. It was never intended on for government fuck ups or to put in your pocket. How about making cuts with Medicaid fraud or state cuts where it needs it? If I knew My pfd was actually going to go towards new road work, schools, make more jobs in Alaska I'd have no problem with giving my pfd up. But I have not seen any changes with any of the above. How about a change in the house? Knowing what your trying to pull with the other members you will never see my vote. Not that I voted for you in the first place. How about talking about refining our own oil up here? That would create so many jobs, instead we pay to send our oil somewhere else. How about cuts to government workers like at the social security office? They take they're sweet time trying to actually help people and can't seem to get people in that actually need it. How about your job position why not all of you house members and legislators take a cut? Don't take my pfd you have no right. How about take care of crime and stop slapping criminals on the hand? So nice to know you'd rather let them back into the community with children and not a care in the world what they do next. Repeal SB91. I want my full pfd not just this year but every year. Sincerely a pissed of Alaskan.

YES to PFD, NO to changing the formula

I'm writing to support HB1002, which is simple and reads to appropriate the funds necessary to pay the PFD in full this year, as I understand it.

I implore you to NOT change the formula, as per HB1005, which appropriates the money but is contingent on the formula being changed to take an additional 25% from future POMV amounts, (of which half is already put to government services and spending,) which will then give them a WHOPPING 75% of those earnings, give it to our ever spending, money hungry government to feed a bloated budget that they still have not gotten under control.

Alaskans need their PFDs. It's earnings on a trust fund, essentially, of which the budget/govt already gets a hefty cut, and is NOT a welfare or assistance program to our citizens. It is paid from the interest, and has always been totally and completely self funding until our legislators stuck their fingers in the pot and then now try to say we're greedy for wanting to keep it!

You guys need to get that straight in your heads, and then move forward.

Support full payments of PFDs now and for the future. Do NOT changing the formula, now or in the future.

Regards,
Tanya Kitka

Support and pass these bills. Restore the trust with Alaskans because Alaskans do not trust the House to do the hard and moral thing. We see you being influenced by special interest groups and lobbying groups who don't support the regular folks of Alaska but are simply looking for a handout from the state on the backs of low and middle income Alaskans who lose the most from a PFD cut. Do the right thing and pass these bills. Be remembered for the courage to take the hard and high ground.

As an Alaskan I am not happy with the current bill 1005 as it cuts future payments. These payments belong to the people of Alaska and not the state. House bill 1002 should be passed. Further more The PFD should be preserved under current calculations in to the Alaskan Constitution as it should be. Lowering the PFD and taking this money only worsens the Alaskan economy. As our economy is a consumer economy and the more money people spend the better the economy is. It is a right of Alaskans to have what is theirs and not to be stolen from by the state. Not paying to Alaskans what is theirs is theft. No different than someone walking up and robbing them. We should be better than this. We are a state with a population of a large sized city yet spend money per capita than 47 other states. To put this into perspective our state of 780 thousand people spends 3 times more money than a city like Baltimore with population of 2.8 million people. How is this even possible?

To Whom It May Concern,

Please vote yes on the above referenced bills. We, as Alaskans, are rightly due our stolen pfd amounts.

Thanks,

Barbara

"So then, if we do not do the good we know we should do, we are guilty of sin."

James 4:17

"For it is not the hearers of the law who are righteous before God, but the doers of the law who will be justified. For when Gentiles, who do not have the law, by nature do what the law requires, they are a law to themselves, even though they do not have the law. They show that the work of the law is written on their hearts, while their conscience also bears witness, and their conflicting thoughts accuse or even excuse them on that day when, according to my gospel, God judges the secrets of men by Christ Jesus. All alaskans deserve a full pfd payout and no cuts to our future payouts. There is more than 65 billion in the fund. You should continue to fund schools to. Children need education thats very important. You are wasting debating this stuff. Pass the pfd fund schools and public safety. Stop being greedy seriously.

House Finance committee members,

I am opposed to HB1005. It is a wolf in sheep's clothing. No changes to the Permanent Dividend Fund without a vote of Alaskans. The Permanent Dividend Fund is owned by Alaskans. It is Alaskans royalties from shared mineral and resources rights. Taking an owners resources is theft. Follow the current statute. Again I am opposed to HB1005

I am in support of HB 1002, HB 1003 and HB1004. Restore our unpaid royalties and follow statute. It is SHALL not may.

Thank you ,
Francesca Allegrezza and Family.

I Strongly Support HB 1002

I am a full time, year round, 25 year resident of Alaska. I strongly support HB 1002 and stopping the theft of the PFD this and every year in the future. Alaska doesn't have a funding problem, it has a SPENDING problem. The boom days of oil are in our rear view mirror and it's time the Alaska state budget begin to align with this reality. Cut the budget and let's move into the future on a strong financial footing. Stealing our PFD won't do that, cutting spending is the only way to achieve this.

Thank you, Matt

I want to say that this twisted version of bait and switch that Tami Wilson and her cohorts have come up with is absolutely unexceptable.

We give up so much for a one time full pay out that we are supposed to get in the first place.

THIS is theft pure and simple.

I am Ashamed that Tami Wilson is my representative.

The money I get from my PFD us for heating fuel , to pay my massive electric bills for the Winter and to hepl with the upkeep and winterization if my house and property.

I am disabled and without that money I don't know how I would

Make it threw the Winters.

PLEASE don't let the theft continue.

PLEASE don't let the bait and switch bill pass!!!

Dear Public Servants on the House Finance Committee, Governor Mike Dunleavy has called HB1005 a "bait & switch". After reading the bill I'm forced to agree with him. In a phone conversation with former Governor Bill Walker in 2016, he informed me that legislators were "hiding behind him" on what he saw as a necessary raid of the People's PFDs to prop up the economy. We now can see that he told the truth as many of you came out of the shadows in the last two years and joined in the plunder of THE PEOPLE'S Sovereign Wealth in an unprecedented way. Thousands of Alaskans are very aware of what you have done and are anxiously awaiting the 2020 Elections even as we search for primary candidates. In closing, HB1005 continues and increases the destruction of a program admired around the world. This bill was clearly written and is being supported by lesser men and women than those who created the PF and the PFD. It's quite possibly the most regressive tax in the world. We encourage you to not move it from your committee and to vote against it if it does make it to a vote. We would encourage you to join Eastman, Vance and Sullivan-Leonard in support of HB 1002. Thanks, Mike Widney, Save The PFD. 520857, Big Lake, AK 99652

There should be no change to the PFD without a vote from the residents of Alaska!

There should be no change to the PFD without a vote of the residents of Alaska!!!! I have lived here since 1975 and received the first PFD and have been a recipient of the PFD ever since. It is a stable part of our income and the economy that is used by the people of Alaska as they see fit. Some pay much needed bills, utilities, food, clothing and others donate to charity and many send their children to school from the years of accrual collecting the PFD over the term of a child until they are an adult. Governor Hickle and Hammond both agreed the PFD is meant for the people of Alaska and should remain for the people of Alaska. Honor and respect the people of Alaska and the previous administrations that helped pass this dividend for the use of the people of Alaska and allow us, the people of Alaska, to make a vote on any changes in or about the PFD now and in the future, for the future of all Alaskans!

Thank You!
