

HB1005

GCI <deaskhoo@gci.net>

Thu 5/23/2019 10:43 AM

To:House Finance <House.Finance@akleg.gov>;

"THE PERMANENT FUND was never created for the government to use or even borrow! This is the people's money - not governments. Stop promising to "share" our money with us. If you cannot do the governments budget - cut the government. Shame on you. The people are watching you and don't think we are not taking names... Stay with the original formula for the PFD - we voted out WALKER - REMEMBER?

Absolutely NO to HB 1005 but yes to HB 1002, 1003 and 1004. In essence, this proposal HB 1005 to cut the PFD in more than half in the future is not what "We The People" want or desire. We want the original long term formula of 1982 which is on a five-year average that pays a full dividend according to the statute.

PAY THE FULL PFD today, tomorrow and for generations to come. Our children will be proud we protected their Permanent Fund Dividend and we should be also.

Michael D Sheldon

Dear Ak Legislators,

Please pass bills **HB 1002, HB 1003 and HB 1004!**

They are important to keeping Alaskans afloat. And restoring what was stolen from them. We are running out of salmon and other fisheries that would sustain us during the lean months of winter. The HB's 1002, 1003 and 1004 are very important to the average Alaskan.

Thank you,

Debbie LoMonaco

HB1005

Haley Miller <millerkhaley@gmail.com>

Thu 5/23/2019 10:28 AM

To: House Finance <House.Finance@akleg.gov>;

Categories: Lynn

To Whom It May Concern,

My name is Haley Miller and I am a lifelong Alaskan. I am writing my opposition to HB 10005, specifically to the nature of the bill that seeks to amend the current Permanent Fund Dividend for future years.

I have worked in retail, tourism, and the sport fishing industry for about 7 years. I have seen how each fall, the PFD allows Alaskans to spend that money as they choose, which in turn floods and sustains LOCAL economies, which in turn benefits and builds the overall economy of the State of Alaska.

The PFD also benefits programs supporting our youth. With the PFD, I have seen many individuals in my community become much more inclined to donate to a raffle or fundraiser supporting youth music, art, education, and athletic programs, giving the next generation of Alaska an opportunity cater to their passions through extra-circulars through support of their communities.

In addition to our youth, other Non-Profits and charitable events--such as fundraisers for an individual fighting cancer or a family who lost everything in a house fire--are also recipients of the generosity of their peers in the community. Although this altruism is not confined to the receiving of a PFD, it does allow many the opportunity to participate in such giving. Through organizations like Pick Click Give, multiple Non-Profits throughout the state receive funding specifically because of the Permanent Fund Dividend.

I am currently an undergrad college student at the University of Alaska Anchorage. As a student, I rely on the PFD each year to help cover the expenses of pursuing higher education. I am grossly aware of the financial difficulties and burdens students accrue in the sake of trying to enrich their education and become more marketable and competitive in the job market. With the last three years receiving a premature dividend, it did affect my college funds and last year I had to take a semester off and move home to work and save up more money before returning to my education. The full PFD supports Alaskans to pursue higher education whether it be through a tradition 4-year UA university, a two-year program through the various satellite campuses across the state, or vocational programs. It allows Alaskans to take ownership over their futures.

So by supporting the Permanent Fund Dividend, honoring the original formula, you are supporting Alaskan families to create and sustain autonomy and encourage them to take ownership of themselves and their place in their respective community throughout the state. You are also supporting the youth of Alaska, which is probably our most precious resource, as one day they will fill your seats in the legislature, my seat in the private business sector, or the teacher in my elementary school that everyone remembers fondly. I should know, I was a youth of Alaska and after recently transitioning to adulthood, I am able to begin contributing and giving back to the community that poured so much into me, and helped cultivate an Alaska that I want to live in and create my adult life in. However, our future needs to be secure, and Alaskans are known for their blatant and stubborn independence. We need to know and have confidence that our government will do right by us. We Alaskans, when we fall on hard times we do not seek for more than our 50% of the Alaska Permanent Fund Corporation, we trust those in the state government each year will responsibly steward their share for the state and the state's future. We ask respectfully, that you, the government, do not ask nor continue to ask for more than your share. In either situation, by responsibly stewarding and allocating the remaining 50% of the PFD for State's use, or honoring the 50% that belongs to Alaskans, you are supporting Alaskans. So, as we support you throughout your term in office, we ask that you support us. Help us build Alaska's economy together, and prepare a better Alaska for the future, starting with our present.

Thank you,

Haley Miller  
38275 Breezewood Drive

I am opposed to the bill you are trying to pass I feel we have the as the people to vote on what we want. I think you should bring it to the people of Alaska I don't don't think it is right to take our money that is usually spent here and help a the economy in Alaska so before you take what is rightfully ours I think we should have a say in it

# Testimony against HB1005

Mike Swanson <mpswanson@aol.com>

Thu 5/23/2019 10:20 AM

To: House Finance <House.Finance@akleg.gov>;

Categories: Lynn

My name is Mike Swanson and I represent only myself, my wife and our three children. I am on record to this Committee voicing my support for a full PFD, not only for 2019, but in every future year. As it pertains to HB1005, there is no reason to use any funds from an already depleted Constitutional Budget Reserve toward a Dividend that has all of its required resources in the Earnings Reserve of the Permanent Fund. I should not need to remind any Finance Committee members that one of the purposes of the Earnings Reserve is to pay for the annual transfer of 50% of the inflation-proofed 5 year average of Permanent Fund Earnings to the people in the form of their annual dividend.

I want this committee to uphold the law and reject HB1005. Instead, I encourage you to move forward HB1002, which provides for a full 2019 dividend using existing state law. No permanent revisions should be made to the traditional PFD without a vote of the people. Remember, it was this Committee that set the precedent 40 years ago that a full PFD would have priority over any other government spending from Permanent Fund Earnings.

Thank you for your time, consideration and your service to Alaska.

Respectfully,

Michael P. Swanson  
Wasilla

Categories: Lynn

I support your efforts to reduce spending by small increments, including efforts to reduce the PFD.

I am disappointed that testifiers can't stay on topic and have so much leeway in what they are allowed to speak to. I have never been so disgusted by what my fellow Alaskans have been saying; threats, disparaging comments, personal attacks. Please recognize where the majority of testifiers are coming from, if the Mat-Su doesn't want government spending then cut them out of the budget.

Thank you for the work that you are doing, even though I was not able to vote for any of you - since you are not in my district. I appreciate that some of you are working on my behalf and behalf of Alaskans that look and live differently than your own district.

I appreciate Knopp for the efforts to have a coalition of differing voices. I appreciate Lebon for recognizing that the vote in his district was razor thin and has to represent both sides. I appreciate Wilson for being the voice of reason in these chaotic times, I appreciate, even if I don't agree, that she has tried to reduce the budget for years. I strongly believe that most Alaskans live in the middle, moderate politically.

Unfortunately the reductions you all are making, I don't feel, are the reductions that people complain about. I think they are concerned for top heavy departments, and you can't legislate that - the state needs thorough audits to be able to show where the money is being spent and where it is wasted.

Mara Lutomski

I am in support of using part of the PFD for government services. Oil is down 6% today. What if oil drops to \$45 a barrel? Are we going to keep cutting government services just so we can paying out this check? This state unemployment rate is near 8%. If you keep cutting services, this state will be a third world country riddled with crime. I consider roads, police and teachers an appropriate use of the oil money.

Yes, use the PFD for government services.

I am writing to express my opposition to HB 1005. This is a terrible bill that is an attempt to mislead Alaskans by promising a full PFD. However, the way the bill is being presented glosses over the huge cuts beginning next year. Many Alaskans do not rely on the PFD check, but this is a hard and expensive state in which we live. For many Alaskans that check means heating oil for the winter, school tuition, dental work for children, paying on loans, purchasing needed medication, and much more. The right and honorable action is to pay the full dividend and repay Alaskans the money taken from them by the previous administration. Do not mess with the formula, it works!

I urge you to say "NO" to this bill and to consider HB 1002. Thank you for your consideration of my comments.

I am writing in opposition of HB1005.

I agree the PFD should be fully funded, but not for just this year. We do not have a revenue problem, we have a spending problem. Spending on wasteful government perks. I am tired of hearing how this will take money from roads and schools and public safety. Cut all the other crap. Stop wasting money on BS parks and recreation projects and funneling money to the Bush communities in the form of wasteful government meetings in them simply to spend in those communities. DHSEM as one of the worst offenders. Recent Tsunami Operations Workshops in Kodiak, Homer and Cordova, bringing in representatives from smaller outlying communities, instead of conducting them via video and teleconference is but one example of the rampant waste and irresponsible spending. Enough is enough. You are trying to tell me that you can spend my money more wisely than I can. I know for a fact that is wrong. You guys spend money like a drunk sailor on shore leave. You don't respect us, and your arrogance in keeping our money because you think you can spend it more wisely is an insult.

Fully fund the PFD now. Not just for one year.

Sam Albanese  
Eagle River Alaska.

State of Alaska Finance Committee

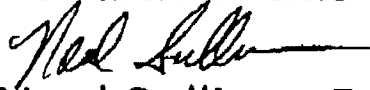

May 23 2019

I strongly oppose HB 1005

Do not change the formula for the PFD!!!

Create a budget that lives with in our means. Stop spending money we don't have. We elected you to do just that. You need to support the governor's request.

The people of Alaska voted for him and his ideas. His constitutional amendments need to become law. We Alaskans need to be able to decide if the PFD formula needs to be changed not you. Personally, I have no faith in this year's so called majority.

Dearest House Finance,

"I am wondering if you know how mad the people of Alaska are about you meddling with the PFD, especially since the cuts you made in the budget were nowhere near enough. We feel like there is no end to your shenanigans, and HB 1005 is just another game you are playing with us. We do not like it one bit.

Why don't you do the right thing and sign the constitutional amendment that allows the people to vote for / against putting the full PFD (historical formula) into the constitution? Why don't you return the money that was stolen from us for the last 3 years? Why can't you seem to follow the law? Wouldn't you rather be a hero than a villain in the eyes of your constituents?

Those that don't want the historical formula in the state constitution are state workers who have a conflict of interest, frankly. Everyone else is royally ticked.

This subject will not go away until you do the right thing. The division between state workers and the private sector will not go away until you do the right thing. The recession will not end until you do the right thing. Our economy will not heal and businesses will not come back to Alaska until you do the right thing.

It is the bloated government that is causing this problem. The oil boom that began in 2006 gave us so much money that legislators increased our operating budget FAR above inflation and the increase in population - in fact it doubled. We need to right-size government instead of bankrupting the poor in our state. See the attached diagrams for the truth, please. They are very revealing.

Of all people, Tammie, I thought you 'got it'. I am really disappointed this session. I am praying for your return to the republican caucus.

NO CHANGE ---- NO BAIT and SWITCH!! HB 1005

No change on behalf of my family in Wasilla. I am NOT for the bait and switch, HB 1005.

Please do right for the Alaskan people! We need our money so we can keep the economy going.

Thank you
